1924 Catalogue and Price List of
BERRY PLANTS
VEGETABLE PLANTS
FLOWER PLANTS

PROGRESSIVE
Bears from June to November

HARRY L. SQUIRES, Hampton Bays, N.Y.

IMPORTANT READ THE FOLLOWING BEFORE ORDERING

HOW TO ORDER. Send orders early. Remember that delays are always liable to occur on account of a rush of orders, bad weather, scarcity of help, and other causes. Write plainly your name, post office, county and state, and also give your shipping address if it is different from your post office address. State whether stock is to be shipped by mail or express. All orders will be promptly acknowledged.

PRICES in this catalogue abrogate all previous quotations. THE PRICES QUOTED ARE FOR THE QUANTITIES SPECIFIED OF A SINGLE VARIETY; BUT SIX, FIFTY, AND FIVE HUNDRED OF ANY VARIETY WILL BE SUPPLIED AT THE DOZEN, HUNDRED, AND THOUSAND RATES RESPECTIVELY. LESS THAN SIX OF ANY VARIETY WILL BE SOLD AT THE "EACH" RATE ONLY; LESS THAN FIFTY OF ANY VARIETY WILL BE SOLD AT THE DOZEN RATE ONLY; AND LESS THAN FIVE HUNDRED OF ANY VARIETY WILL BE SOLD AT THE HUNDRED RATE ONLY.

GUARANTEE. I warrant all stock to be true to name, with the explicit understanding that should any prove otherwise, I will refund the money paid, or replace it with other stock, but I am not liable for damages beyond this. I do not guarantee the crop, as too many conditions enter into the successful growing of any crop.

CLAIMS, IF ANY, MUST BE MADE IMMEDIATELY UPON RECEIPT OF GOODS, WHEN THEY WILL BE CAREFULLY AND CHEERFULLY EXAMINED AND, IF JUST, ALL MADE SATISFACTORY. CLAIMS MADE AFTER 5 DAYS FROM RECEIPT OF GOODS WILL NOT BE ENTERTAINED.

TERMS OF PAYMENT. Invariably, cash in advance. Money may be sent by whatever method is most convenient.

PREPAID PRICES. As most people prefer to have plants shipped prepaid, so they will know what the total cost will be, I have quoted prepaid prices on nearly everything listed. At these prices, plants will be shipped prepaid to any part of MAINE, NEW HAMPSHIRE, VERMONT, MASSACHUSETTS, CONNECTICUT, RHODE ISLAND, NEW YORK, NEW JERSEY, PENNSYLVANIA, DELAWARE, MARYLAND, DISTRICT OF COLUMBIA, VIRGINIA, WEST VIRGINIA, AND OHIO. Plants will be shipped at my option, by mail or express, whichever is least expensive, but when requested to do so, I will ship by mail 1,000 strawberry plants, 1,000 vegetable plants, 1,000 asparagus roots one and two years old, 300 raspberry or blackberry plants, and similar lots of other plants of about the same size. If you want large lots of plants sent by mail or if you live in a state not named above and want your plants sent by mail, you can order at the "Not prepaid" prices, and I will send them by mail C. O. D. for the postage, and you can thus pay the postage when you receive the plants. If you want plants shipped that way please specify in your order, "By mail C. O. D. for the postage." If, through error, an express shipment reaches you not prepaid, when you have ordered at prepaid prices, notify me at once, sending the express receipt, and I will send you the amount you have to pay for express charges.

SHIPPING. ALL STOCK IS SHIPPED AT PURCHASER'S RISK. IT WILL BE CAREFULLY PACKED AND DELIVERED AT THE POST OFFICE OR EXPRESS OFFICE IN GOOD CONDITION, BUT AFTER THAT IT IS BEYOND MY CONTROL AND MY RESPONSIBILITY CEASES. NO CHARGE WILL BE MADE FOR BOXING AND PACKING.

SHIPPING POINTS. Most stock is shipped from Hampton Bays, N. Y., but some is shipped from other points, and your order may be sent in more than one shipment. By ordering at the prepaid prices, all uncertainty as to transportation charges will be avoided, as you will have none to pay when the stock arrives. I advise you to order at the prepaid prices, for in many cases the amount I have added to cover transportation charges is much less than the actual cost will be.

SUBSTITUTION. It is my custom, should the supply of any variety become exhausted (which will sometimes occur), to send a similar variety. When it is desired that I shall not do this it must be stated in the order. To simply affix the words "No substitution" is all that is necessary.

BERRY PLANTS FOR SUMMER AND FALL PLANTING. Runner strawberry plants may be planted in the fall just as well as in the spring, and large numbers of them are planted at that time. I usually sell more in the fall than in the spring. From Sept. 20 until the ground freezes, I can supply strong young plants from beds planted this season, unless there should be a severe drought in the late summer or early fall, in which case, I shall begin shipping runner strawberry plants Oct. 1. Pot-grown strawberry plants may be successfully planted any time during the spring, summer and fall. I can supply pot-grown plants during the spring, and from about Aug. 10 until the ground freezes. Raspberry, Blackberry, Dewberry, Loganberry, Gooseberry, Currant, and Grape plants may be planted any time during the fall.

WHEN TO PLANT FLOWER PLANTS AND SHRUBS. Hardy Perennial flower plants may be planted any time during the spring, summer and fall. If planted during the summer months, they should be kept well watered until they become well established. Annual flower plants may be planted any time during the spring and until mid-summer, most of them producing a good crop of blooms if planted even as late as August 1. Shrubs and roses may be planted any time during the spring and fall. They may also be successfully planted during the summer, if kept well watered.

ASPARAGUS, RHUBARB AND HORSERADISH roots may be planted any time during the spring, summer and fall. The Large Selected Rhubarb roots will give you a crop this summer. Asparagus, rhubarb and Witloof chicory may be easily grown during the winter, by forcing the large roots in cellars and greenhouses. If you wish, I will send you a cultural leaflet, telling how to force them.

VARIETIES NOT LISTED. Should you need any kind or variety of plants not listed in this catalogue, I can probably get it for you, and shall be pleased to quote you prices.

REFERENCES. Center Moriches Bank, Center Moriches, N. Y., and The First National Bank, Southampton, N. Y.

Brookfield, Conn., May 9, 1923.

Mr. Harry L. Squires,
Hampton Bays, N. Y.

Dear Sir:

Received order of raspberry plants in first class condition. Thank you for same.

Respectfully yours,
FRED WOOD.

104 Woodland Ave., Rutherford, N. J.,
July 1, 1923.

Mr. Harry L. Squires,
Hampton Bays, N. Y.

Dear Sir:

I received the shipment of plants Friday evening in splendid condition. Had they been taken up to transplant from one part of my garden to another, they could not have looked fresher. I wish to thank you for your promptness in sending them, for the quality of plants, and for the quantity sent.

Very truly,
MRS. CLARENCE A. BROWNE.

834a No. 9th St., Reading, Penna.,
Oct. 11, 1923.

Mr. Harry L. Squires,
Hampton Bays, N. Y.

Dear Sir:

Plants received to-day in good condition. Thanks for same.

Yours very truly,
WM. DYSERT.

Box 132, Camp Hill, Pa., Nov. 6, 1923.

Mr. Harry L. Squires,
Hampton Bays, N. Y.

Dear Sir:

Just a line to advise you all grapes are now on hand and planted. Your stock is certainly pleasing. Thanks for extra Niagara vines. Will be pleased to speak for you to any prospective fruit growers I shall come in contact with. Again thanking you for your kind, prompt and fair dealing, I remain,

Sincerely yours,
GEO. WM. HOGUE.

STRAWBERRY CULTURE

The ground should be prepared the same as for other crops by plowing deeply and thoroughly pulverizing the surface. Almost any kind of fertilizer may be used, but stable manure and finely ground bone meal are among the best. The rows should be from three to four feet apart and the plants should be set from 12 to 18 inches apart in the row. Dip the plants in water before planting, and place them only as deeply in the soil as they stood before they were dug. Press the earth firmly about the roots. Cultivate and hoe them often. If possible, in late autumn, cover the strawberry bed with a mulch of salt-meadow hay, or stable manure, to a depth of about two inches. If set in rows three feet apart with the plants one foot apart in the row, an acre will require 14,520 plants. If set in rows three and a half feet apart with plants fifteen inches apart in the row, an acre will require 9,963 plants.

It is best to plant early, medium and late varieties, so as to have a long fruiting season, and by planting some of the Everbearing variety, you can have berries all during the summer and fall.

All varieties listed have perfect flowers and do not need the association of any other variety in order to be fruited.

Berry Plants

STRAWBERRY PLANTS—Standard Varieties

For Spring Planting

All varieties: Not prepaid, Dozen, 35c; 100, \$1.50; 1,000, \$9.75. Prepaid to states named, Dozen, 40c; 100, \$1.70; 1,000, \$10.55.

For September, October and November Planting.

Not prepaid, Dozen, 45c; 100, \$2.50; 1,000, \$16.00. Prepaid to states named: Dozen, 50c; 100, \$2.70; 1,000, \$16.80.

BRANDYWINE. Medium late. Very vigorous and productive. Berries very large; dark red.

CHESAPEAKE. Late. Nearly as late as Gandy, larger and just as firm, much more productive and without green tips. One of the fanciest varieties grown.

EARLY OZARK. Very early. Large and enormously productive.

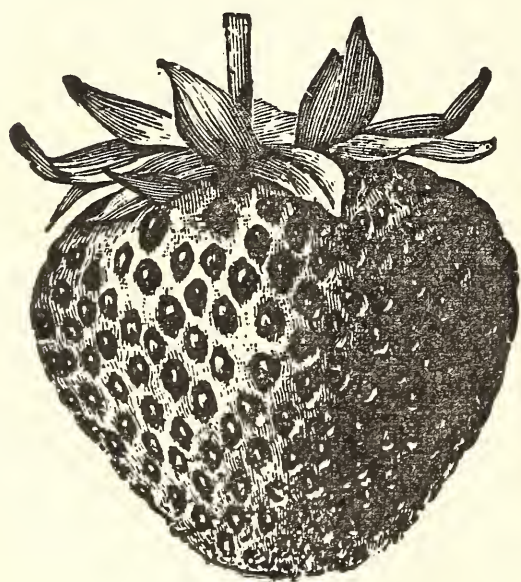

EARLY JERSEY GIANT. Early. Large. One of the best early berries.

GANDY. Very late. Large and firm.

GLEN MARY. Mid-season. A heavy yielder of large, fancy berries.

HOWARD. Very early, and bears for a long time. Berries large, beautiful and of high quality. A vigorous grower. One of the very best varieties.

JOE JOHNSON OR BIG JOE. Late, ripening at the same time as the Chesapeake. Very large and wonderfully productive. In flavor it is one of the best; firm and a good shipper. Succeeds upon almost all soils and under all conditions.

Senator Dunlap

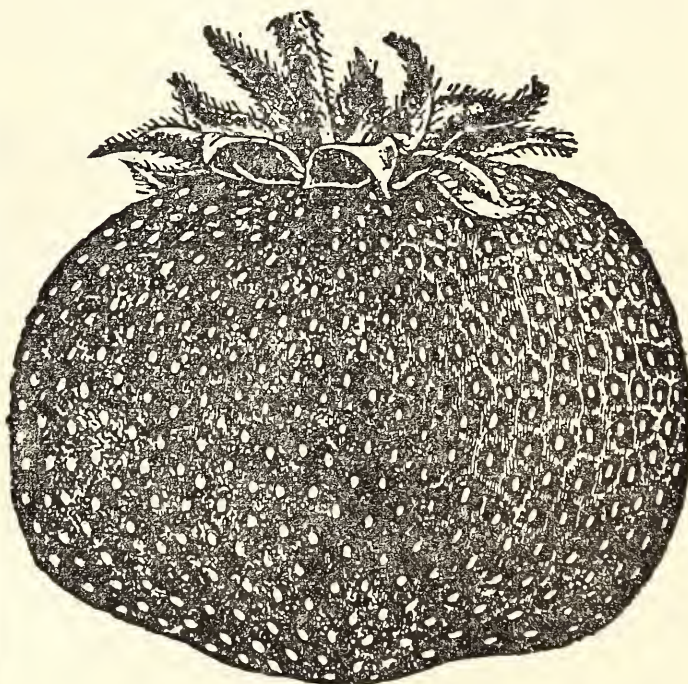

SENATOR DUNLAP. Early to mid-season. One of the most profitable varieties. An extra strong grower and very productive. Berries dark red. Medium large.

KELLOGG'S PREMIER. Very early. The best and most popular early strawberry. It is a vigorous grower and very productive. Berries are very large and bright red to the center. It is delicious in flavor and a splendid shipper. It has an unusually long fruiting season.

LUPTON. Very late. One of the most productive and largest berries grown and the best of the late fruiting varieties. It is more prolific than the Gandy. Berries are very large, bright red and very firm.

MARSHALL. Mid-season. One of the largest and most popular varieties. Extra good flavor.

RYCKMAN. Medium early. This variety is also known as Corsican, New York, Uncle Jim, Pride of Michigan, and Oswego. Berries are of the largest size, and unexcelled in sweetness and flavor. It is of very vigorous growth and bears tremendous crops of strictly fancy fruit. It grows well on poor soils and is noted for producing good crops on the same ground for several years in succession. Sells for the highest prices on market. One of the most profitable and popular strawberries now grown.

Ryckman

STRAWBERRIES—(Continued)

WILLIAM BELT. Mid-season. Considered by many to be the best flavored strawberry grown. It is certainly one of the most popular and one of the most extensively grown varieties. Berries are very large and deep crimson in color. It begins to ripen quite early and continues until almost the close of the season; the last berries being large, handsome and full flavored.

EVERBEARING STRAWBERRY PLANTS**For Spring Planting**

Not prepaid: Dozen, 50c; 100, \$2.75; 1,000, \$18.00. Prepaid to states named: Dozen, 55c; 100, \$2.95; 1,000, \$18.80.

For September, October and November Planting

Not prepaid: Dozen, 60c; 100, \$3.25; 1,000, \$20.00. Prepaid to states named: Dozen, 65c; 100, \$3.45; 1,000, \$20.80.

Everbearing strawberries are now extensively grown both for home use and for market. They bear steadily from early June until November. They have the finest flavor and sell readily at very high prices. The best variety is the Progressive.

PROGRESSIVE. Medium size. A vigorous grower and very productive. Plants bear fruit the same season they are planted. From 100 to 150 ripe berries and blossoms are often found at a time on a single plant. It has a rich, wild strawberry flavor.

POT-GROWN STRAWBERRY PLANTS**For Spring, Summer and Fall Planting**

Standard varieties: Not prepaid, Dozen, \$1.00; 100, \$6.00.

PROGRESSIVE, Everbearing. Not prepaid, Dozen, \$1.25; 100, \$7.50.

These are large, heavily rooted plants and are shipped with earth on the roots just as they grow in the pots. They will reach you in a good growing condition

Progressive—(Continued)

and can be safely transplanted at any time, even in the hottest and driest weather, without any serious check to their growth. They will produce a good crop of the largest and finest berries next summer. While the first cost of pot-grown plants is somewhat greater than that of ordinary or runner plants, the advantages to be gained by planting the pot-grown are so great and many, there can be no comparison in value between them. I can supply pot-grown strawberry plants during the spring, and from about Aug. 10th until the ground freezes.

BLACKBERRY PLANTS

Eldorado
(See Description on page 5)

BLACKBERRY PLANTS

All varieties. Not prepaid: Dozen, \$1.25; 100, \$5.50; 1,000, \$40.00. Prepaid to states named: Dozen, \$1.40; 100, \$5.80.

BLOWERS. Mid-season. Very large and of superb quality. Enormously productive and very hardy. Has a long fruiting season.

ELDORADO. Mid-season. Generally considered to be the best blackberry grown, both for home use and market. Berries are large, jet black and are especially noted for their sweetness and delicious flavor. It has never been known to winter kill, even in Northern Michigan and Wisconsin.

SNYDER. Very early. Berries medium sized, very sweet and of delightful flavor. Hardy. Very popular on account of its high quality and early ripening.

LOGANBERRY PLANTS

Not prepaid: Each, 25c; Dozen, \$2.50; 100, \$15.00. Prepaid to states named: Each, 30c; Dozen, \$2.65; 100, \$15.35.

Loganberry Plants—(Continued)

This is not a raspberry nor a blackberry, but possesses properties of both these fruits. The berries are large and long, somewhat like certain varieties of the blackberry, but are deep crimson in color, rich, sprightly and refreshing, but unlike any other fruit in flavor; firm in texture and attractive in appearance. It is unique in every way and is highly prized by many. Ripens about July 1st. Very hardy.

RASPBERRY PLANTS

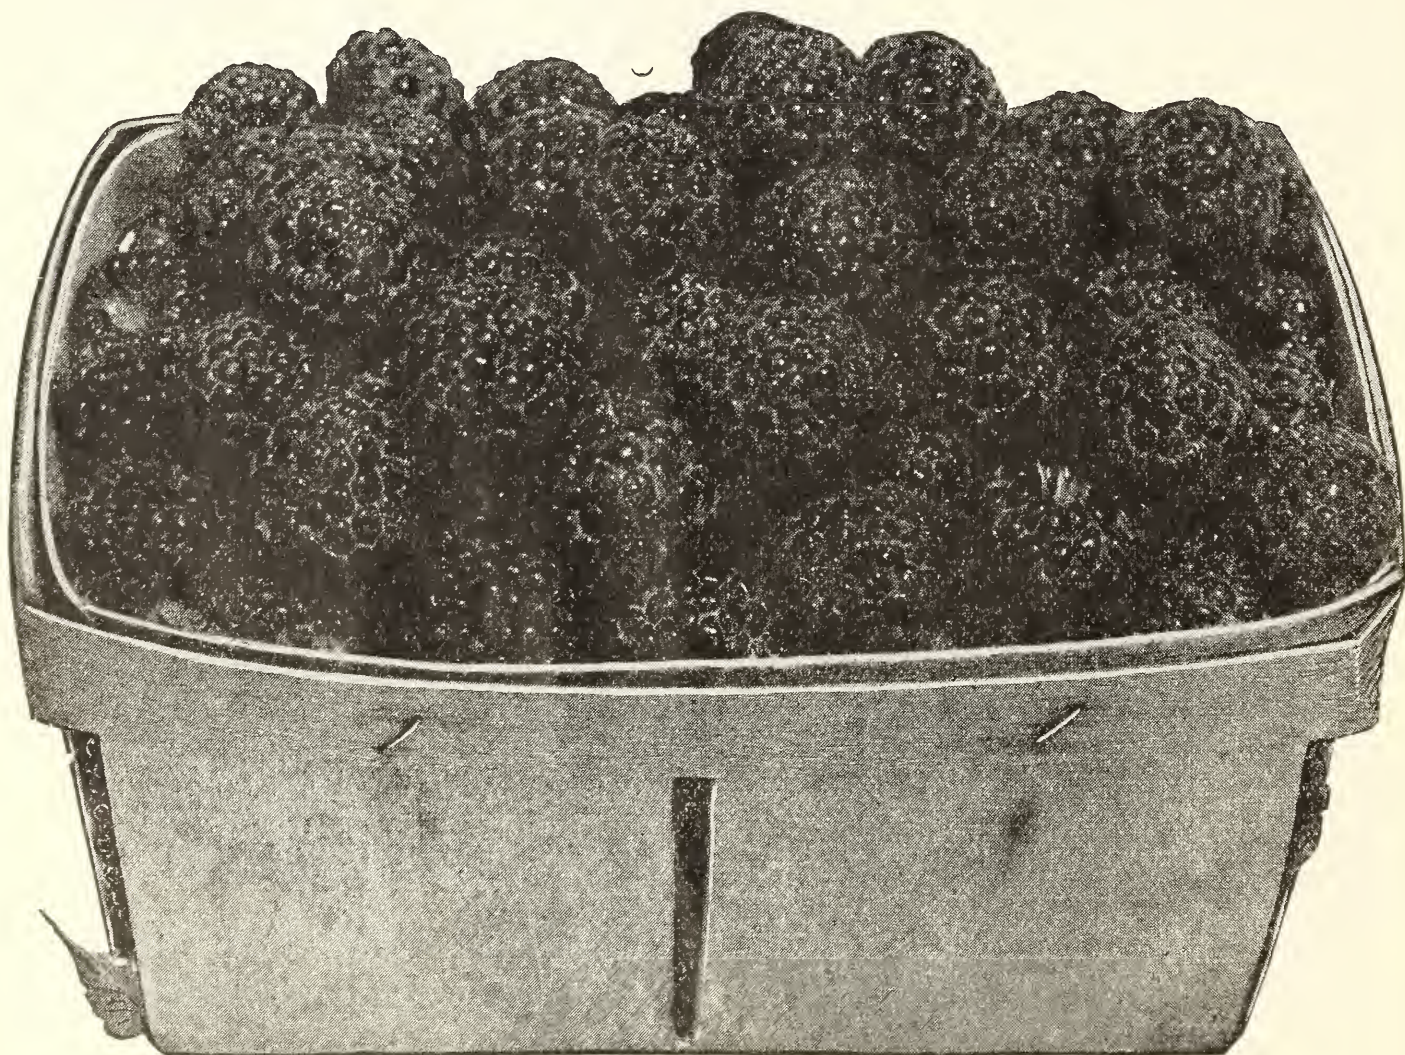

St. Regis, Cuthbert and Cumberland. Not prepaid: Dozen, \$1.00; 100, \$4.75; 1,000, \$35.00. Prepaid to states named: Dozen, \$1.15; 100, \$5.00.

Columbian. Not prepaid: Dozen, \$1.25; 100, \$6.50. Prepaid to states named: Dozen, \$1.40; 100, \$6.75.

Golden Queen. Not prepaid, Dozen, \$1.90; 100, \$12.00. Prepaid to states named: Dozen, \$2.05; 100, \$12.25.

COLUMBIAN. Purple. One of the most delicious and popular raspberries grown. Very large.

CUMBERLAND. Black. Mid-season. One of the very largest raspberries. It is wonderfully productive, producing regularly very large crops. It is very

Cumberland

RASPBERRY PLANTS

(Continued)

firm and well adapted for long shipments. It is a strong grower, throwing up stout, stocky canes, well adapted for supporting their loads of large fruit. (See cut on page 6).

CUTHBERT. Red. Mid-season. Large, firm and of good flavor. Very productive.

GOLDEN QUEEN. Yellow. Mid-season. A high-quality berry of large size and extra good flavor.

**ST. REGIS
EVERBEARING.**

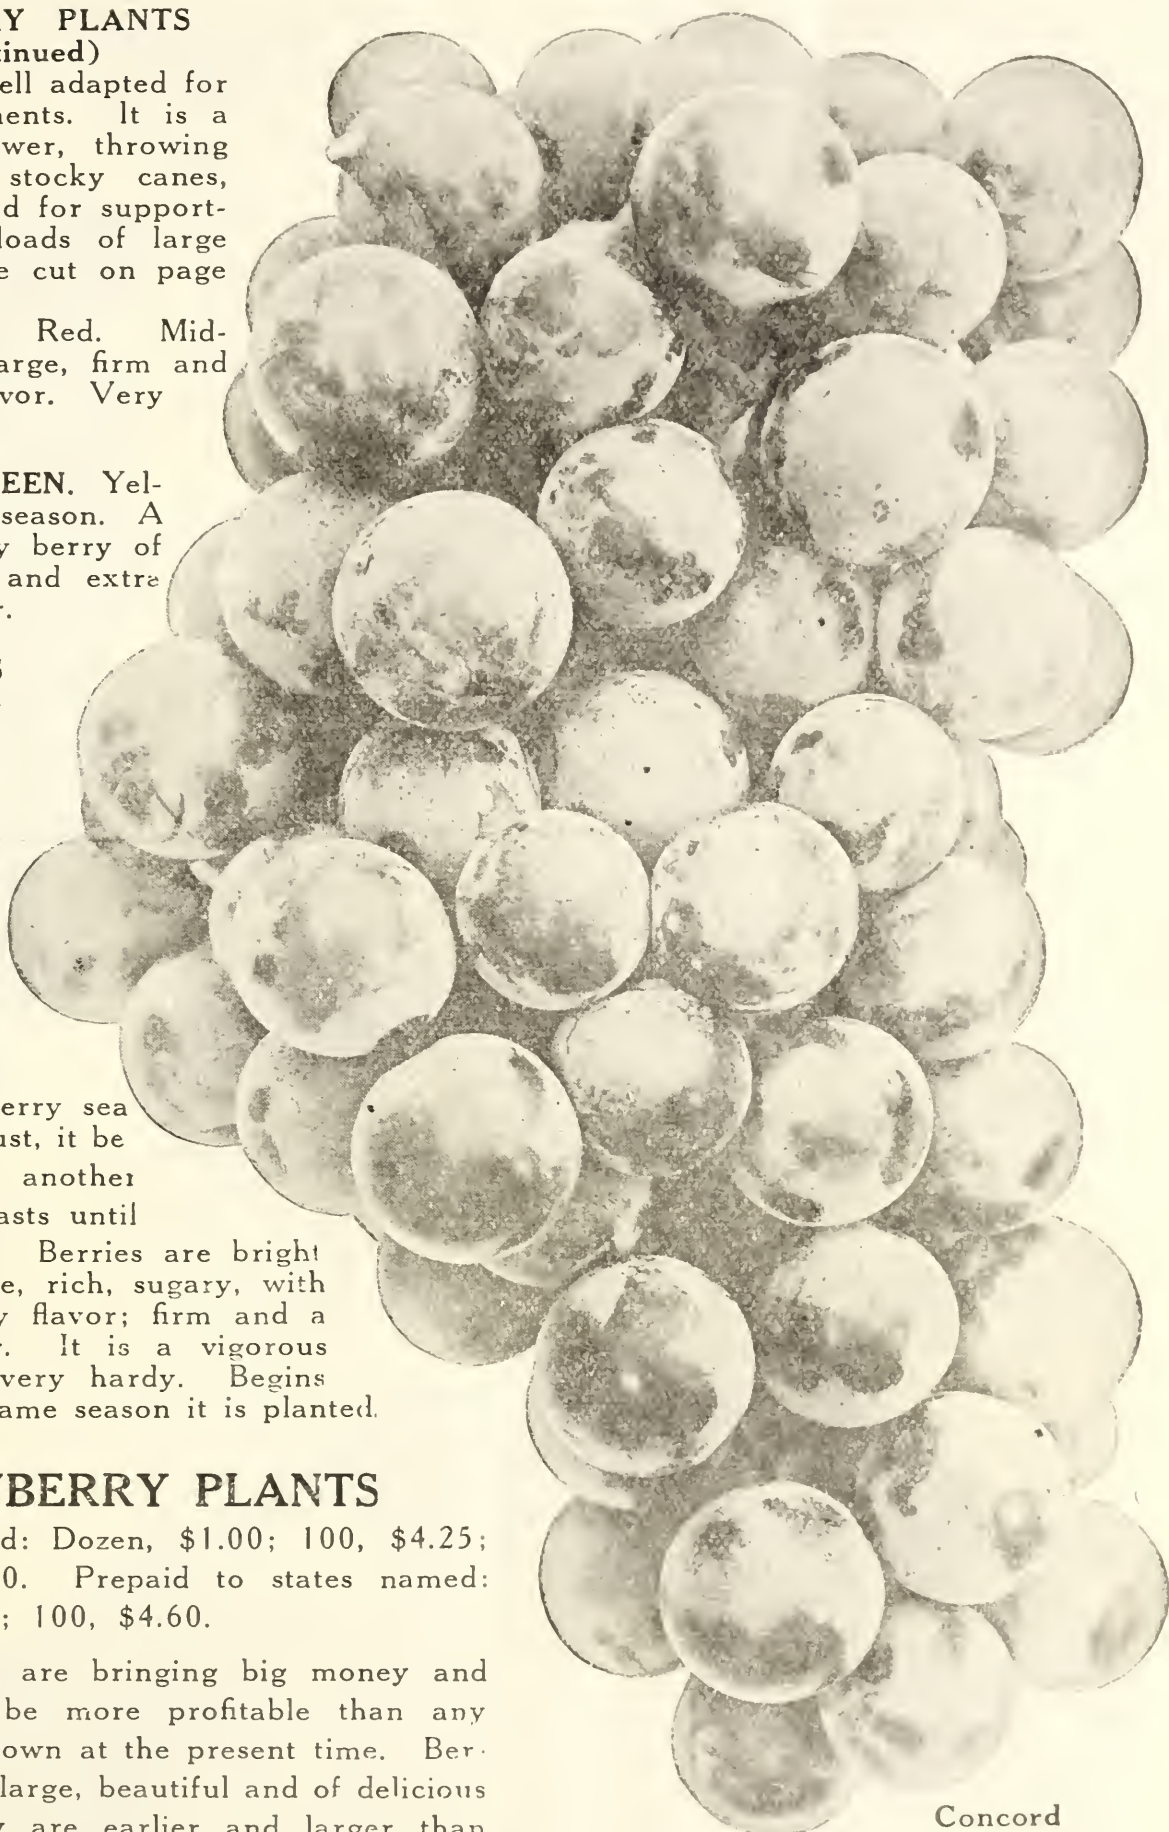

Red. The most valuable raspberry grown. It is very early,—in advance of all other red varieties, and bears an immense crop during the regular raspberry season. In August, it begins to bear another crop which lasts until cold weather. Berries are bright crimson, large, rich, sugary, with full raspberry flavor; firm and a good shipper. It is a vigorous grower and very hardy. Begins bearing the same season it is planted.

DEWBERRY PLANTS

Not prepaid: Dozen, \$1.00; 100, \$4.25; 1,000, \$30.00. Prepaid to states named: Dozen, \$1.15; 100, \$4.60.

Dewberries are bringing big money and are said to be more profitable than any other fruit grown at the present time. Berries are very large, beautiful and of delicious flavor. They are earlier and larger than blackberries. Of slender trailing growth, and immensely productive. They should be planted about three feet apart. Most growers use short posts and a single wire on which the vines grow.

LUCRETIA. The leading variety. Much larger and incomparably better than any blackberry. Brightest glossy black.

Concord

(See Description on page 8)

GRAPE VINES

Concord, Catawba, Worden and Niagara. Not prepaid: Each, 30c; Dozen, \$3.25; 100, \$20.00. Prepaid to states named: Each, 35c; Dozen, \$3.50; 100, \$20.50.

GRAPES—(Continued)

Delaware and Diamond. Not prepaid: Each, 35c; Dozen, \$3.75; 100, \$25.00. Prepaid to states named: Each, 40c; Dozen, \$4.00; 100, \$25.50.

CONCORD. Black. Mid-season. The best black grape. Cluster and berry very large. It has an exquisite flavor, is firm, keeps well and is a good shipper.

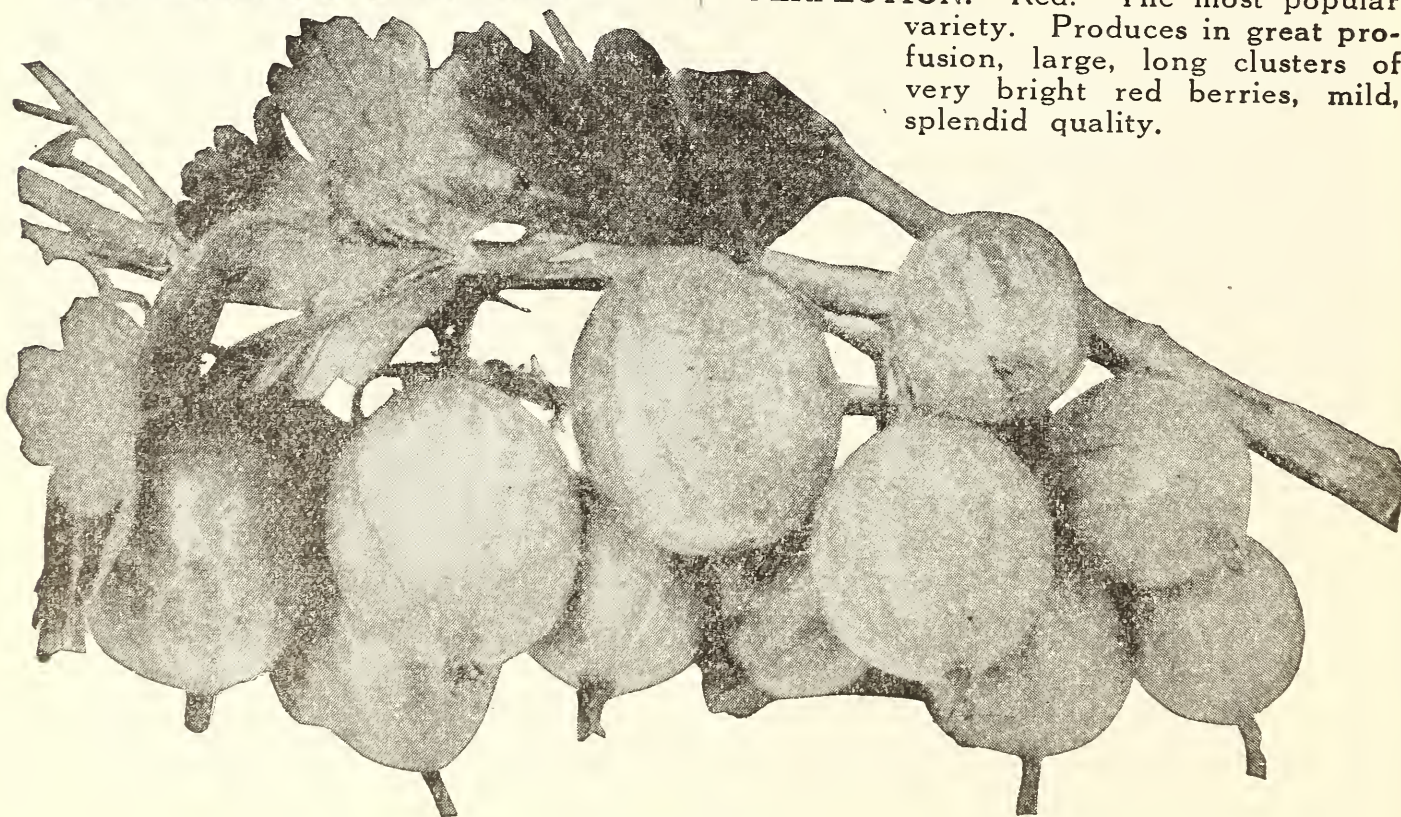

CATAWBA. Red. Late. The best red grape. Vigorous, hardy and productive. The bunch and berries are large; the flesh is juicy, pulpy and possesses a delightful sugary flavor. It is the last to ripen and the best keeper, lasting until March or later.

DELAWARE. Red. One of the very best for table use. Bunch and berries of medium size. The flavor is very sweet and delicious.

DIAMOND. White. Vine is hardy and very productive; bunch large and compact; berries large; flesh juicy and melting; flavor sweet and spicy.

NIAGARA. White. The standard white grape. Both bunch and berries are very large; flesh firm and juicy; flavor is of the very best, and does not resemble any other sort. The vine is hardy, vigorous, and extremely productive.

WORDEN. Black. One of the very best black varieties. Bunch large and compact; berries very large; flavor delightfully sweet. Makes excellent grape-juice or sherbet.

GOOSEBERRY PLANTS**Downing****CURRANT PLANTS**

Wilder and White Grape. Not prepaid: Each, 35c; Dozen, \$3.75; 100, \$25.00. Prepaid to states named: Each, 40c; Dozen, \$4.00; 100, \$25.80.

Perfection. Not prepaid: Each, 45c; Dozen, \$4.75; 100, \$35.00. Prepaid to states named: Each, 50c; Dozen, \$5.00; 100, \$35.80.

WILDER. Red. One of the best red currant. Berries large and juicy; flavor mild and spicy. It is a vigorous grower, has long fruiting season and keeps well.

WHITE GRAPE. White. The best white currant. Clusters are long, berries large; flavor mild and delicious.

PERFECTION. Red. The most popular variety. Produces in great profusion, large, long clusters of very bright red berries, mild, splendid quality.

**Wilder**

(See Description on page 9)

GOOSEBERRY PLANTS

All varieties. Not prepaid: Each, 35c; Dozen, \$3.75; 100, \$25.00. Prepaid to states named: Each, 40c; Dozen, \$4.00; 100, \$25.80.

DOWNING. White. Considered the best gooseberry. The fruit is large; flesh soft, juicy and tender; flavor just barely sour; quality good. Equally valuable for table use or market.

HOUGHTON. Red. One of the old favorites. The berries, while medium in size, are of very fine quality and highly flavored.

BERRY BASKETS

I can supply quart and pint berry baskets, in 1,000 lots, shipped from the factory in Western New York. Ask for prices.

BOOKS FOR BERRY GROWERS

"THE SMALL FRUIT CULTURIST," by Andrew S. Fuller. This book covers the whole ground of propagating berries and other small fruits, their culture, varieties, packing for market, etc. It is equally adapted to the needs of the private cultivator and the market grower, and is a recognized authority. The book is finely and thoroughly illustrated. 5x7 inches, 287 pages, cloth. Postpaid, \$2.75.

"STRAWBERRY CULTURIST," by Andrew S. Fuller. A book thoroughly covering the subject of successful strawberry growing. Illustrated. 5x7 inches, 60 pages, flexible cloth. Postpaid, 90c.

Roots and Plants for the Vegetable Garden

ASPARAGUS ROOTS ASPARAGUS CULTURE

Asparagus is one of the most delicious and profitable crops grown, and its culture is very simple. Set plants from one to two feet apart in rows three feet apart. Plant five inches below surface. Cover with two inches of earth, filling in balance to a level later in summer. Asparagus may also be forced in the cellar during winter by planting large roots.

Leaflet on "Growing Asparagus and Rhubarb in the Cellar During Winter" will be sent free to each customer buying roots.

PALMETTO and GIANT ARGENTEUIL, 1 YEAR. Not prepaid: Dozen, 40c; 100, \$1.50; 1,000, \$10.00. Prepaid to states named: Dozen, 45c; 100, \$1.65.

2 YEARS. Not prepaid: Dozen, 50c; 100, \$2.75; 1,000, \$15.00. Prepaid to states named: Dozen, 60c; 100, \$3.10.

3 YEARS. Not prepaid: Dozen, 75c; 100, \$3.75; 1,000, \$25.00. Prepaid to states named: Dozen, 85c; 100, \$4.15.

LARGE SELECTED. Not prepaid: Dozen, \$1.00; 100, \$4.75; 1,000, \$35.00. Prepaid to states named: Dozen, \$1.15; 100, \$5.25.

WASHINGTON, 1 YEAR. Not prepaid: Dozen, 50c; 100, \$2.75; 1,000, \$15.00. Prepaid to states named: Dozen, 55c; 100, \$2.90.

2 YEARS. Not prepaid: Dozen, 65c; 100, \$3.25; 1,000, \$20.00. Prepaid to states named: Dozen, 75c; 100, \$3.60.

PALMETTO. Stalks of large size, attractive, rich and tender. Free from rust or blight. Yields a heavy crop at an early age. More extensively grown than any other variety.

ARGENTEUIL. Very similar to Palmetto.

WASHINGTON. A new variety; large, tender and of extra good quality; free from rust.

RHUBARB OR PIE PLANT ROOTS

RHUBARB CULTURE

Plant in rows four feet apart with plants two feet apart in row, and the crown one inch below surface. May be planted any time during the spring, summer or fall. By planting roots of forcing size, it may be easily grown in the cellar during winter.

GARDEN SIZE. Not prepaid: Each, 20c; Dozen, \$1.50; 100, \$7.75; 1,000, \$55.00. Prepaid to states named: Each, 25c; Dozen, \$1.70.

LARGE SELECTED. Not prepaid: Each, 30c; Dozen, \$2.50; 100, \$14.00. Prepaid to states named: Each, 35c; Dozen, \$2.80.

MYATT'S LINNAEUS. Early, productive, large and tender. Requires less sugar than other sorts.

HORSERADISH ROOTS

HORSERADISH CULTURE

Plant roots one foot apart in the row, with rows three feet apart.

Not prepaid: Dozen, 60c; 100, \$2.25; 1,000, \$14.50. Prepaid to states named: Dozen, 70c; 100, \$2.50; 1,000, \$15.40.

BOHEMIAN OR MALINER KREN. The large white variety.

WITLOOF CHICORY OR FRENCH ENDIVE ROOTS

These roots produce a delicious and very popular winter salad. They are forced in the cellar or greenhouse during the winter, the same as asparagus and rhubarb.

Not prepaid: Dozen, \$1.00; 100, \$4.50; 1,000, \$35.00. Prepaid to states named: Dozen, \$1.20; 100, \$5.25.

MINT PLANTS

SPEARMINT. The variety that produces the mint of the markets and largely used for culinary purposes.

Not prepaid: Each, 15c; Dozen, \$1.50; 100, \$10.00. Prepaid to states named: Each, 20c; Dozen, \$1.60; 100, \$10.25.

SAGE AND THYME PLANTS

Two well known plants, the leaves of which are much used for seasoning.

Not prepaid: Each, 15c; Dozen, \$1.50; 100, \$10.00. Prepaid to states named: Each, 20c; Dozen, \$1.65; 100, \$10.50.

SWEET LAVENDER PLANTS

The Lavender of our grandmothers' gardens. It is an attractive plant, growing 12 to 18 inches high, and producing numerous flower heads that have an agreeable odor, especially when cut and dried.

The foliage is narrow, of silvery-gray color, and the flowers are deep blue. Not prepaid: Each, 20c; Dozen, \$2.25. Prepaid to states named: Each, 25c; Dozen, \$2.40.

HOP ROOTS

Easily and quickly grown, attaining a height of 20 feet, if given support. Has abundant ornamental, deeply lobed foliage, and bears large clusters of yellow-green hops, in such profusion as to completely envelop the plant in late summer and early autumn.

Not prepaid: Each, 20c; Dozen, \$2.00; 100, \$12.00. Prepaid to states named: Each, 25c; Dozen, \$2.10; 100, \$12.35.

Vegetable Plants

For descriptions of the varieties named below, look in any seed catalogue. They are all well-known and popular varieties. The dates named below are when the first plants are usually ready. Sometimes they are ready earlier, and sometimes a little later. From successive plantings of seed, I can supply plants at any time after the first ones are ready until late in the summer. Plants are packed in damp moss and each year I ship them by mail and express, safely, to nearly every state in the Union.

BEET PLANTS

EARLY ECLIPSE. April 15 and later. Not prepaid: Dozen, 15c; 100, \$1.00; 1,000, \$8.00. Prepaid to states named: Dozen, 20c; 100, \$1.15; 1,000, \$8.80.

June 5 and later. Not prepaid: Dozen, 15c; 100, 75c; 1,000, \$5.50. Prepaid to states named: Dozen, 20c; 100, 90c; 1,000, \$6.30.

BRUSSELS SPROUTS PLANTS

LONG ISLAND IMPROVED. April 15 and later. Not prepaid: Dozen, 30c; 100, \$1.50; 1,000, \$9.00. Prepaid to states named: Dozen, 35c; 100, \$1.65; 1,000, \$9.80.

June 5 and later. Not prepaid: Dozen, 25c; 100, \$1.00; 1,000, \$6.00. Prepaid to states named: Dozen, 30c; 100, \$1.15; 1,000, \$6.80.

CAULIFLOWER PLANTS

EARLY SNOWBALL. April 15 and later. Not prepaid: Dozen, 30c; 100, \$1.50; 1,000, \$9.00. Prepaid to states named: Dozen, 35c; 100, \$1.65; 1,000, \$9.80.

June 5 and later. Not prepaid: Dozen, 25c; 100, \$1.00; 1,000, \$6.00. Prepaid to states named: Dozen, 30c; 100, \$1.15; 1,000, \$6.80.

CABBAGE PLANTS

EARLY JERSEY WAKEFIELD, COPENHAGEN MARKET, SUREHEAD, ENKHUISEN GLORY, DANISH BALLHEAD, LATE FLAT DUTCH, RED, and SAVOY. April 15 and later. Not prepaid: Dozen, 25c; 100, \$1.25; 1,000, \$7.00. Prepaid to states named: Dozen, 30c; 100, \$1.40; 1,000, \$7.80.

June 5 and later. Not prepaid: Dozen, 20c; 100, 80c; 1,000, \$3.75. Prepaid to states named: Dozen, 25c; 100, 95c; 1,000, \$4.55.

CELERY PLANTS

GOLDEN SELF BLANCHING, WHITE PLUME, GIANT PASCAL and WINTER QUEEN. May 5 and later. Not prepaid: Dozen, 30c; 100, \$1.35; 1,000, \$8.00. Prepaid to states named: Dozen, 35c; 100, \$1.50; 1,000, \$8.60.

June 25 and later. Not prepaid: Dozen, 25c; 100, \$1.00; 1,000, \$6.00. Prepaid to states named: Dozen, 30c; 100, \$1.15; 1,000, \$6.60.

EGG PLANTS

BLACK BEAUTY and N. Y. IMPROVED SPINELESS. May 5 and later. Not prepaid: Dozen, 50c; 100, \$2.00; 1,000, \$15.00. Prepaid to states named: Dozen, 55c; 100, \$2.15; 1,000, \$15.80.

KALE PLANTS

DWARF GREEN CURLED. April 15 and later. Not prepaid: Dozen, 30c; 100, \$1.25; 1,000, \$8.00. Prepaid to states named: Dozen, 35c; 100, \$1.40; 1,000, \$8.80.

June 5 and later. Not prepaid: Dozen, 25c; 100, \$1.00; 1,000, \$5.00. Prepaid to states named: Dozen, 30c; 100, \$1.15; 1,000, \$5.80.

LEEK PLANTS

April 15 and later. Not prepaid: Dozen, 30c; 100, \$1.25; 1,000, \$7.00. Prepaid to states named: Dozen, 35c; 100, \$1.40; 1,000, \$7.50.

June 5 and later. Not prepaid: Dozen, 25c; 100, 80c; 1,000, \$5.00. Prepaid to states named: Dozen, 30c; 100, 95c; 1,000, \$5.50.

LETTUCE PLANTS

GRAND RAPIDS and BIG BOSTON. April 15 and later. Not prepaid: Dozen, 25c; 100, \$1.10; 1,000, \$7.00. Prepaid to states named: Dozen, 30c; 100, \$1.25; 1,000, \$7.60.

June 5 and later. Not prepaid: Dozen, 20c; 100, 80c; 1,000, \$3.75. Prepaid to states named: Dozen, 25c; 100, 95c; 1,000, \$4.40.

MANGEL WURZEL PLANTS

MAMMOTH LONG RED. April 15 and later. Not prepaid: Dozen, 20c; 100, \$1.10; 1,000, \$7.00. Prepaid to states named: Dozen, 25c; 100, \$1.25; 1,000, \$7.80.

June 5 and later. Not prepaid: Dozen, 20c; 100, 80c; 1,000, \$4.00. Prepaid to states named: Dozen, 25c; 100, 95c; 1,000, \$4.80.

ONION PLANTS

PRIZETAKER. April 15 and later. Not prepaid: Dozen, 20c; 100, \$1.00; 1,000, \$7.00. Prepaid to states named: Dozen, 25c; 100, \$1.15; 1,000, \$7.50.

June 5 and later. Not prepaid: Dozen, 20c; 100, 80c; 1,000, \$3.75. Prepaid to states named: Dozen, 25c; 100, 95c; 1,000, \$4.25.

PARSLEY PLANTS

DOUBLE CURLED. April 1 and later. Not prepaid: Dozen, 40c; 100, \$1.75; 1,000, \$10.00. Prepaid to states named: Dozen, 45c; 100, \$1.90; 1,000, \$10.70.

June 5 and later. Not prepaid: Dozen, 30c; 100, \$1.00; 1,000, \$7.00. Prepaid to states named: Dozen, 35c; 100, \$1.15; 1,000, \$7.70.

PEPPER PLANTS

CHINESE GIANT (Sweet), RUBY KING (Sweet), LONG RED CAYENNE (Hot). May 5 and later. Not prepaid: Dozen, 50c; 100, \$2.00; 1,000, \$15.00. Prepaid to states named: Dozen, 55c; 100, \$2.15; 1,000, \$15.70.

SPINACH PLANTS

NEW ZEALAND. April 15 and later. Not prepaid: Dozen, 30c; 100, \$1.35; 1,000, \$8.00. Prepaid to states named: Dozen, 35c; 100, \$1.50; 1,000, \$8.80.

June 5 and later. Not prepaid: Dozen, 25c; 100, \$1.00; 1,000, \$6.00. Prepaid to states named: Dozen, 30c; 100, \$1.15; 1,000, \$6.80.

SWEET POTATO PLANTS

YELLOW JERSEY and RED JERSEY. May 10 and later. Not prepaid: Dozen, 30c; 100, \$1.00; 1,000, \$5.00. Prepaid to states named: Dozen, 35c; 100, \$1.15; 1,000, \$5.70.

SWISS CHARD PLANTS

LUCULLUS. April 15 and later. Not prepaid: Dozen, 30c; 100, \$1.35; 1,000, \$8.00. Prepaid to states named: Dozen, 35c; 100, \$1.50; 1,000, \$8.70.

June 5 and later. Not prepaid: Dozen, 25c; 100, 90c; 1,000, \$5.00. Prepaid to states named: Dozen, 30c; 100, \$1.05; 1,000, \$5.70.

TOMATO PLANTS

BONNY BEST, EARLIANA, CHALK'S EARLY JEWEL, STONE, PONDEROSA, MATCHLESS and JOHN BAER. April 20 and later. Not prepaid: Dozen, 30c; 100, \$1.50; 1,000, \$9.00. Prepaid to states named: Dozen, 35c; 100, \$1.65; 1,000, \$9.70.

June 10 and later. Not prepaid: Dozen, 25c; 100, 90c; 1,000, \$4.50. Prepaid to states named: Dozen, 30c; 100, \$1.05; 1,000, \$5.20.

BURBANK. This is Luther Burbank's famous early tomato. It bears an enormous crop of very large, smooth tomatoes of extra good quality from very early in the summer till late in the fall.

April 20 and later. Not prepaid: Dozen, 45c; 100, \$2.00; 1,000, \$15.00. Prepaid to states named: Dozen, 50c; 100, \$2.15; 1,000, \$15.70.

June 10 and later. Not prepaid: Dozen, 35c; 100, \$1.25; 1,000, \$8.00. Prepaid to states named: Dozen, 40c; 100, \$1.40; 1,000, \$8.70.

Hardy Perennial Flower Plants

For Spring, Summer and Fall Planting—Strong Field Grown Plants

Prices of all varieties, except as noted: Not prepaid, Each, 15c; Dozen, \$1.50; 100, \$10.00. Prepaid to states named, Each, 20c; Dozen, \$1.65; 100, \$10.60.

ACHILLEA, Milfoil

PTARMICA FL. PL., The Pearl. 12 to 18 inches. Clusters of white, perfectly double flowers all summer. Excellent for cutting.

ALYSSUM

SAXATILE COMPACTUM, Basket of Gold. 9 inches. Broad masses of bright yellow flowers in early spring, so numerous as to envelop the plant; and small, pretty glaucous leaves. An excellent plant for the rockery or front of borders. Very effective.

ANCHUSA

ITALICA, Dropmore, Heavenly Blue Flower. 3 to 4 ft. Tall spikes of beautiful blue flowers, blooming all summer. Rough, broad foliage. For producing a mass effect of brilliant blue, the Anchusa cannot be surpassed.

ANEMONE, Windflower

CORONARIA. 18 inches. Mixed. There are but few flowers so refined and beautiful as these. They flower freely from August until frost and have attractive leafage. The large flowers which are mostly white and pink, are held erect on long stems.

ANTHEMIS, Chamomile

TINCTORIA, Golden Marguerite. 2 ft. Handsome, finely cut foliage, and large, golden yellow flowers produced all summer. Succeeds in the poorest soil.

Aquilegia

AQUILEGIA, Columbine

LONG SPURRED HYBRIDS. Mixed colors. 2 ft. The finest of the Columbines. As a cut-flower they are the daintiest of the outdoor grown flowers. They come in blues, whites, yellows, and shades of pink and rose, the flowers of each plant being different from all the others. Long, slender stems. They flower for a long period during late spring and summer.

ARMERIA, Sea Pink

LAUCHEANA. 9 inches. A dwarf-growing perennial with attractive deep rose-colored flowers. In growth the plants resemble Hardy Pinks. They bloom in June and July. Not prepaid: Each, 30c; Dozen, \$3.00. Prepaid to states named: Each, 35c; Dozen, \$3.15.

ARTEMISIA

LACTIFLORA. 4 to 4½ ft. The finest perennial plant of recent introduction. Has dark green, finely-cut foliage. Blooms from middle of August to Oct. 1, and is simply covered with many-branched panicles of fragrant white flowers. Fine for cutting. Not prepaid: Each, 30c; Dozen, \$3.00. Prepaid to states named: Each, 35c; Dozen, \$3.15.

ASCLEPIAS, Butterfly Weed

TUBEROSA. Flowers brilliant orange on stems two feet high. One of the most gorgeous of American flowers and should be in every collection. Not prepaid: Each, 20c; Dozen, \$2.25. Prepaid to states named: Each, 25c; Dozen, \$2.40.

BAPTISTIA, False Indigo

AUSTRALIS. 3 ft. A stately species with dark green leaves and many large spikes of showy dark blue flowers in summer.

BELLIS, Double English Daisy

MIXED. Of low growth. Blooms very early in the spring and continues to bloom all summer and fall. Double white and rose-colored flowers.

BLEEDING HEART or DICENTRA

EXIMEA. A dwarf-growing sort, with beautiful finely cut foliage and showy racemes of pretty pink flowers. Blooms throughout the summer, is perfectly hardy, and grows equally well in shade or full sunlight. It is said to have the most beautiful foliage of any border plant grown. Not prepaid: Each, 35c; Dozen, \$3.50. Prepaid to states named: Each, 40c; Dozen, \$3.65.

BOCCONIA, Plume Poppy

CORDATA. A stately hardy plant, beautiful in foliage and flower, producing large terminal spikes of cream-colored flowers, on stems 6 to 8 feet high.

BOLTONIA, False Chamomile

LATISQUAMA. 4 to 6 ft. Large, single, aster-like flowers, pink, slightly tinged lavender, in bloom during summer and autumn. Its thousands of flowers open at one time, producing a very showy effect. Useful for cutting or decorations. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

BUDDLEIA or BUTTERFLY BUSH

3 to 4 ft. This is properly a shrub, but the top usually freezes back, and new growth starts from the root like other perennials. Plants are covered with long racemes of flowers, deep lilac in color, and very fragrant. Not prepaid: Each, 45c; Dozen, \$4.50. Prepaid to states named: Each, 50c; Dozen, \$4.75.

Canterbury Bells

CANTERBURY BELLS, Campanula Medium

MIXED. An old favorite, known also as Cup and Saucer. Grows 2 to 3 feet high, and blooms incessantly through July and August, with a marvelous profusion of lovely bell-shaped flowers of many different colors.

CENTAUREA, Perennial Cornflower

MONTANA. 2 ft. A very useful plant of the easiest culture. During July, August and September it produces large violet-blue fringe-like flowers.

CHRYSANTHEMUM, Hardy

Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

3 to 4 ft. These varieties are perfectly hardy for outdoor planting, and will yield a great profusion of beautiful blooms late in the season when other flowers have been destroyed by frost.

ANNA MORAN. An attractive shade of red.

ATTILA. Light apricot, tinted rose.

DOLORES. Light bronzy yellow, —a combination of deep red and yellow; fine incurved.

GERMANIA. Light straw-yellow. Fine form.

IROQUOIS. The darkest bronze. Very free blooming and quite early. A combination of dark red and yellow.

LADYSMITH. Earliest of the singles. Deep rose-pink with golden eye.

PRINCESS LOUISE. Fine deep pink; large.

RED RIDINGHOOD. Single. Brilliant deep crimson with bright golden center. Very early and free blooming. Fine for cutting.

SENECA. Bright orange-scarlet. One of the very best.

WHITE FLORA. Pure white. Large flowered.

ZELIA. A very beautiful orange-yellow.

COREOPSIS

GRANDIFLORA. 2 to 3 feet. An improved variety with large, bright yellow flowers. One of the best hardy plants. Fine for cut-flowers.

DELPHINIUM, Hardy Larkspur

BELLADONNA. 2 ft. Light sky blue. This is the best blue cut-flower, is perfectly hardy, and blooms freely and continuously from early July till late autumn.

DIGITALIS, Foxglove

GLOXINAEFLORA. 3 to 4 ft. A large-flowered form of the old-fashioned foxglove. The large tubular flowers are thickly clustered on tall spikes and are produced in great profusion during June, July and August,—the colors ranging from purple to white, with throats variously spotted and colored.

EUPATORIUM, Hardy Ageratum

COELESTINUM. 2 ft. A strong, thrifty plant that is covered with rich blue

Gaillardia

Coelestinum—Continued)

flowers from early August until late October. Good for cutting. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

GAILLARDIA, Blanket Flower

GRANDIFLORA. 2 to 3 feet. Unequalled for rich and continuous display of bloom, from early June until freezing weather. The flowers are held on long, strong stems and are of unique forms. The prevailing colors are bright golden yellow and rich reddish brown, sporting into every imaginable shade and tint; though most of them have reddish, chocolate center, with rings of crimson, maroon, orange or vermillion, and deeply tipped with orange, yellow or lemon.

GERMAN IRIS, Fleur De Lis

Not prepaid: Each, 20c; Dozen, \$2.25. Prepaid to states named: Each, 25c; Dozen, \$2.40.

18 to 24 inches. One of the finest hardy plants, producing blooms that rival choice orchids in beauty of form, and exquisite colors. They flower with lavish profusion and are so hardy and sturdy they succeed with almost no care. They bloom in May and June.

GYPSY QUEEN. Standards old gold, shaded pearl; falls dark maroon.

HONORABILIS. The most popular of all Iris. Standards beautiful golden yellow; falls rich mahogany brown. Very effective.

LOHENGRIN. Standards and falls are soft mauve shading nearly to white.

NIEBELUNGEN. Standards fawn yellow; falls bluish-violet, with creamy white edge.

VELVETEEN. Standards yellowish-buff; falls intense blue.

GEUM

COCCINEUM, Mrs. Bradshaw. 18 inches. A splendid new variety, with large double flowers of a fiery red, blooming nearly all summer. Very attractive.

GOLDEN GLOW

One of the most popular and best known everblooming hardy plants. It grows five to six feet high, is much-branched, and the upper portion is completely covered during July and August with large double, golden yellow flowers, on long stems suitable for cutting.

GYPSOPHILA, Baby's Breath

PANICULATA. When in bloom in August and September, it forms a symmetrical mass 18 to 24 inches in height and as much through, of minute white flowers having a beautiful gauze-like appearance. Much used in bouquets.

HARDY PINK, Dianthus Plumaris

This is the original Clove Pink. It has thick tufts of fine leaves with many thin spikes carrying small, star-like, rich rose flowers. Blooms profusely during June and July. Very fragrant and dainty.

HARDY PHLOX

Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

ATHIS. Light salmon; violet eye. Tall.

BACCHANTE. Tyrian rose with crimson carmine eye. Medium height.

CARAN D'ACHE. Geranium-red with old rose shadings and white eye. Dwarf.

G. H. STROHLEIN. Bright scarlet, crimson-red eye; does not fade; large flowers; large truss.

LA VAGUE. Pure mauve, with aniline-red eye. Medium height.

LA SIECLE. Light salmon pink. Dwarf.

L'ESPERANCE. Light lavender pink with white center. Tall.

MRS. JENKINS. The best tall early white for massing.

MISS LINGARD. Waxy white, with lavender eye. Longest spikes of any Phlox; blooms from the ground up. One of the most popular sorts.

PACHA. Rose-pink with red suffusion and carmine-purple eye.

PANTHEON. The peerless pink. Extra large, almost flat flowers of salmon-rose.

PURITY. A strong growing white.

HARDY CARNATION

CHABAUD'S FRENCH MIXED. One of the most beautiful perennials. 12 inches. Blooms from midsummer until late fall, producing a great abundance of fragrant double flowers of many deep brilliant colors, including dark and light red, pink, yellow, orange, white, and others. Very attractive and excellent for cut flowers.

(For illustration see outside back cover)

HELENIUM

AUTUMNALE RUBRUM. 5 to 6 ft. Handsome plants of the easiest culture, forming dense masses of deep blood-red blooms, changing to terra cotta. Late summer and autumn. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

HELIANTHUS, Hardy Sunflower

MIXED. 5 to 7 ft. Popular strong-growing plants that grow well everywhere; of easiest culture and very free flowering. Excellent for the background of borders and for planting with shrubbery. Large yellow flowers, some double, some single, and some having the appearance of fine Cactus Dahlias. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

HEMEROCALLIS, Day Lily

MIXED. 2 to 3 ft. One of the most popular hardy flowers. The tall, graceful, grass-like foliage is very handsome and sets off the charming, lily-like flowers very effectively. Mixed colors,—yellow, orange-yellow, orange, coppery-orange, etc. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

HIBISCUS, Mallow

GIANT MALLOW MARVELS. 6 to 8 ft. These are indeed marvels of brilliancy and beauty. The large flowers, 8 to 10 inches in diameter, appear early in June and continue without intermission late in the fall. The blossoms are produced in great profusion and are crimson, pink and white. Can supply separate colors or mixed.

HOLLYHOCK

DOUBLE. 6 to 8 ft. These Hollyhocks are vastly superior to those grown a few years ago. They are not only much larger and more perfect in make-up, with pure, clear colors, but they are produced in far greater numbers and for a much longer season. I grow them in separate colors—white, scarlet, maroon, yellow, pink, rose, salmon, also mixed.

HONESTY, Satin Flower

LUNARIA. A very attractive hardy plant, highly prized for its curious, attractive, silvery white and violet seed pouches; much used for winter decorations. Mixed colors.

ICELAND POPPY

12 to 18 inches. From tufts of fern-like leaves, great numbers of flowers are thrown up on slender stems a foot long, from early June until October. The cup-shaped flowers are very pretty and vary in color from pure white to orange.

LATHYRUS, Hardy Pea

EVERLASTING PEAS are but little known in this country but are great favorites in England. They are extremely beautiful and showy. It is a climbing plant, valuable for covering trellises, arbors, etc. Mixed colors, including white deep rosy-red, and light cheerful rosy-carmine.

LIATRIS, Blazing Star

PYCNOSTACHYA. 4 to 6 ft. Handsome and very showy. Tall spikes of light rose flowers in August. Fine for cutting. Prefers a dry soil. Not prepaid: Each, 30c; Dozen, \$3.00. Prepaid to states named: Each, 35c; Dozen, \$3.15.

LILY OF THE VALLEY

Large, luxuriant foliage and small bell-shaped, pure white flowers in pretty racemes in early summer; graceful and exquisitely fragrant. Especially appropriate and valuable for cemetery planting.

LUPINUS, Lupine

POLYPHYLLUS. 3 ft. Finely-cut foliage and large flowering spikes of pea-shaped blue, rose and white flowers. Blooms from June till September. Can supply plants in separate colors or mixed.

LYCHNIS, Maltese Cross

CHALCEDONICA. 3 ft. A fine old garden flower with close heads of brilliant scarlet flowers, and dark green foliage. Showy and useful for cutting. Blooms all summer.

MONARDA, Bergamot

CAMBRIDGE SCARLET. 2 to 3 ft. Large heads of intense rich crimson-scarlet flowers in great numbers, forming a gorgeous mass of bloom. It flowers all summer. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

MYOSOTIS, Forget-Me-Not

PALUSTRIS. A lovely little hardy plant with small pale blue flowers from early summer until late autumn.

ORIENTAL POPPY

3 ft. Gorgeous beyond words to describe. The flowers are of intense crimson, are five to seven inches across and are freely produced during May and June on tall, strong stems. The light green silvery foliage is also most pleasing.

PARDANTHUS

CHINENSIS, Blackberry Lily. 3 to 4 ft. An interesting plant bearing great numbers of lily-like flowers of rich orange-yellow thickly spotted with dark crimson and brown. The seed pods burst open, exposing clusters of seeds which greatly resemble ripe blackberries.

PENSTEMON

TORREYI. 3 to 4 ft. One of the most useful and showy perennials. Produces long spikes of bright scarlet flowers from June till August. Not prepaid: Each, 25c; Dozen, \$2.50. Prepaid to states named: Each, 30c; Dozen, \$2.65.

PEONY

DELACHEI. Deep purplish crimson; strong grower; free bloomer; and one of the best dark red peonies. Mid-season.

FRAGRANS. Deep rose, large, full and very fragrant; a very free bloomer.

FESTIVA MAXIMA. Pure white, with infrequent dashes of blood-red at center. Flowers of great size. Tall.

GEN. BERTRAND. Solferino red; very free bloomer; large size. Mid-season.

L'INDISPENSABLE. Enormous flowers of dainty lilac-pink, shading to darker pink at center. Tall.

MARGUERITE GERARD. Pale hydrangea-pink with lighter center, flecked. Center petals dotted with carmine. Strong grower, free bloomer; late; one of the very best.

UMBELLATA ROSEA. Light shell pink; upright habit; free bloomer; early; and fine for cutting.

Not prepaid: Each, 60c; Dozen, \$6.50. Prepaid to states named: Each, 65; Dozen, \$6.70.

PHYSOSTEGIA, Dragonhead

VIRGINICA. 3 to 4 feet. Forms large clumps, bearing long spikes of delicate pink flowers, tubular in form, during July, August and September.

PLATYCODON, Japanese Bell-flower

MARIESI. Attractive foliage and dwarf habit. Produces a profusion of large, blue star-like flowers all summer.

PYRETHRUM, Painted Daisy

ROSEUM HYBRIDIUM. 18 to 24 inches. Unsurpassed for refined beauty and attractive foliage. The flowers are remarkably graceful and the plants bloom continuously from early spring until autumn. The finely-cut foliage is highly pleasing. They bloom very freely and the blossoms are not injured by storm or sun. The flowers are of many colors, all very bright and pleasing.

RUDBECKIA, Cone Flower

PURPUREA. Peculiar reddish purple flowers, with a very large, brown, cone-shaped center. Blooms from July to October.

SALVIA, California Blue Sage

AZUREA. 3 to 4 ft. A Rocky Mountain species. During August and September, the plants are covered with flowers of the most charming celestial blue. Very strong grown and very showy.

SCABIOSA, Blue Bonnet

CAUCASICA. The flowers are a soft lavender and are borne on strong stems. 15 to 18 inches tall; from June to September. A very beautiful and hardy perennial; one of the best for cutting and remains in good condition for a long time. Not prepaid: Each, 40c; Dozen, \$4.00. Prepaid to states named: Each, 45c; Dozen, \$4.15.

SHASTA DAISY, Chrysanthemum Maximum

Grows 18 to 24 inches high. The flowers are pure white, with a bright yellow center, average 3 to 4 inches in diameter, and are borne on long, stiff, wiry stems. Valuable for cutting, remaining fresh for two weeks or more.

STATICE, Sea Lavender

LATIFOLIA. 1½ ft. A valuable and handsome plant with tufts of leathery leaves. Immense heads of light blue, minute flowers; fine for cutting, and when cut and dried last in perfect condition for months. July and August. Not prepaid: Each, 30c; Dozen, \$3.00. Prepaid to states named: Each, 35c; Dozen, \$3.15.

STOKESIA, Stokes Aster

CYANEA. 18 to 24 inches. Blooms from July till late in October. One of the most charming and beautiful native hardy plants. Its beautiful centaurea-like flowers, of a delicate lavender-blue color, and four or five inches in diameter, are produced freely and are highly prized for cutting.

Sweet William

SWEET WILLIAM, Dianthus Barbutus

18 to 24 inches. Great improvements have been made during recent years in this old-time favorite. The flowers, too, are not only larger, more brilliant and purer in color, with an endless variety of shades, but the clusters are larger, of more perfect form and are produced in the greatest profusion, completely covering the plants during June and July. They are delightfully fragrant and very good for cutting. Should be treated as biennials.

SCARLET BEAUTY. Bright scarlet.

NEWPORT PINK. A pleasing watermelon pink; the finest of the Sweet Williams.

MIXED. Includes a large number of the finest varieties and colors.

THALICTRUM, Meadow Rue

DIPTEROCARPUM. 4 ft. A very pretty and distinct species, with flowers of a charming shade of lilac-mauve which is brightened by a bunch of lemon-yellow stamens and anthers. The plant is of strong growth. The dainty flowers are produced in graceful sprays during August and September. Not prepaid: Each, 35c; Dozen, \$3.50. Prepaid to states named: Each, 40c; Dozen, \$3.65.

VALERIANA, Valerian

COCCINEA, Hardy Garden Heliotrope. 2 ft. During June and July bears great numbers of large flower heads of small, light pink flowers, having the delicious odor of Heliotrope.

TRITOMA, Flame Flower, Red Hot Poker or Torch Lily

EARLY HYBRID. The early, free and continuous blooming qualities of this variety, has made it one of the great bedding plants. It throws up constantly, throughout the summer and autumn, stout stems from three to four feet high, crowned with large spikes or heads of a rich, vivid orange-scarlet, producing a gorgeous blaze of color when massed in beds or borders. Should be protected in winter.

YUCCA, Adam's Needle or Spanish Bayonet

FILAMENTOSA. Unique, picturesque and very useful for grouping upon the lawn, in the perennial border, and for planting with shrubbery. Has long, sword-like evergreen leaves and during July it throws up stout flower stalks four to five feet high, with great panicles of large, drooping, lily-like creamy white flowers. It is entirely hardy and succeeds everywhere on all kinds of soil.

VERONICA, Speedwell

SPICATA. 2 ft. A very attractive plant. Produces in July and August a great number of deep blue flowers on long spikes. Not prepaid: Each, 30c; Dozen, \$3.00. Prepaid to states named: Each, 35c; Dozen, \$3.15.

VIOLA, Tufted Pansy or Tufted Violet

CORNUTA. Mixed colors. This is the very best edging plant for the hardy border or garden, for, if properly cared for, these plants remain in full bloom from May until October, but, to keep them blooming, the flowers must be cut before they go to seed.

WALLFLOWER

MIXED. 18 inches. An early-flowering perennial with gorgeous double flowers of many shades including chocolate-brown, yellow, orange, orange-red, orange purple, etc. Blooms from early June until fall, if seed pods are removed. Should have winter protection.

Dahlia Bulbs

ATTRACTION, Hybrid Cactus. One of the very best. Large, elegant, full flower, of a clear, lilac-rose, with peculiar pointed wavy petals. Has long, strong stems holding the bloom stiff and upright. Very attractive.

AYESHA, Decorative. A soft pure yellow of excellent form. Very large. Excellent for cutting. Not prepaid, each 50c; prepaid to states named, each, 55c.

BIANCA, Cactus. Very large and of splendid form. In color, a beautiful rose-lilac with white shadings. Bloom is held perfectly erect on strong, stiff stems. An early and continuous bloomer. Not prepaid, each, 80c; prepaid to states named, each, 85c.

COUNTESS OF LONSDALE, Cactus. Reddish-salmon, changing to fawn. A very popular variety. Not prepaid, each, 30c; prepaid to states named, each, 35c.

C. W. BURTON, Decorative. Canary-yellow, long-stemmed, large flowers; very free flowering. Not prepaid, each, 25c; prepaid to states named, 30c.

DEE-LIGHTED, Decorative. White, very large and a free bloomer. The leading white decorative dahlia. Not prepaid, each, 30c; prepaid to states named, each, 35c.

D. M. MOORE, Decorative. A deep velvety maroon shading to nearly black at center. Blooms large and very compact. Long stiff stems. Not prepaid, each, 45c; prepaid to states named, each, 50c.

DR. TEVIS, Decorative. Enormous flowers, measuring 9 to 11 inches, on large erect stems. A beautiful shade of salmon rose, suffused with old gold shading to apricot. Not prepaid, each, \$1.00; prepaid to states named, each, \$1.05.

ELSIE BURGESS, Show. A large white dahlia of close formation, tipped and suffused with lavender. Not prepaid, each, 35c; prepaid to states named, each, 40c.

F. W. FELLOWS, Cactus. One of the finest cactus dahlias. Very large, perfect blooms of an orange-scarlet shade. Fine stems and good habit. Not prepaid, each, 90c; prepaid to states named, each, 95c.

GEORGE WALTERS, Hybrid Cactus. One of the most wonderful dahlias ever introduced, and the largest of its class. It is of exquisite coloring, being a bright salmon pink, artistically suffused with old gold. Has long, stiff wiry stems, and blooms very freely. Not prepaid, each, \$1.00; prepaid to states named, each, \$1.05.

**MADONNA, Decorative.**

One of the very largest and best dahlias and an excellent cut-flower variety. In color, it is a very beautiful white, very slightly tipped with lavender-pink, the petals curling and twisting in a very pleasing manner. The flowers are borne in great profusion on long wiry stems. Not prepaid, each, 40c; prepaid to states named, each, 45c.

MILLIONAIRE, Decorative.

One of the largest and most attractive dahlias grown. Delicate lavender pink. Perfect form. Not prepaid,

GOLDEN WEST, Hybrid Cactus. A deep rich yellow heavily overlaid with orange. Large perfect blooms on long stems. A good cut flower. Not prepaid, each, 60c; prepaid to states named, each, 65c.

HORTULANUS FIET, Decorative. Flower over 8 inches in diameter, of the most delicate shade of creamy pink, the tip of each petal barely touched with gold. The entire flower has a suffusion of delicate tints of red and yellow. Not prepaid, each, \$1.00; prepaid to states named, each, \$1.05.

JACK ROSE, Decorative. Like the richest of the glorious dark crimson Jacqueminot Rose. Long stems, large and very double. Extra free blooming and very showy. Not prepaid, each, 30c; prepaid to states named, each, 35c.

LE GRAND MANITOU, Decorative. This is an enormous flower. Color, plum-purple and white, elegantly striped and variegated. Occasionally a flower will be clear solid purple and again one may be almost white. Not prepaid, each, 35c; prepaid to states named, each, 40c.

KALIF, Cactus. A truly majestic flower, frequently measuring over 9 inches in diameter, of perfect cactus form, in color a pure scarlet. The gigantic flowers which are produced very freely, are held erect on strong stiff stems, making it a most effective and useful variety for cutting as well as for decoration. Not prepaid, each, 70c; prepaid to states named, each, 75c.

MINA BURGLE, Decorative. Flowers of gigantic size and remarkable beauty. Color, a glowing and most brilliant scarlet. Long wiry stems. Attracts universal attention. Not prepaid, each, 35c; prepaid to states named, each, 40c.

MRS. CHAS. TURNER, Cactus. Large Sulphur-yellow blooms. One of the finest. Not prepaid, each, 25c; prepaid to states named, each, 30c.

OREGON BEAUTY, Decorative. Flowers are large and full to the center; bright oriental red. Stems long and wiry. Not prepaid, each, 25c; prepaid to states named, each, 30c.

PIERROT, Incurved Cactus. A dahlia of great size. The fine incurving petals are an amber color tipped with white. Not prepaid, each, 75c; prepaid to states named, each, 80c.

TOM LUNDY, Hybrid Cactus. One of the largest and finest of its class. In color, a beautiful dark velvety red. Flowers from six to ten inches produced in abundance. Plants are tall, sturdy growers, with long stems. Not prepaid, each, 90c; prepaid to states named, each, 95c.

YELLOW KING, Hybrid Cactus. Another gigantic Hybrid Cactus, splendid for cutting. A fine, pure yellow, passing to a lighter shade at the tips. Long, stiff, upstanding stems. A vigorous grower and early and prolific bloomer. Not prepaid, each, 60c; prepaid to states named, each, 65c.

GLADIOLUS BULBS

All varieties: Not prepaid, each, 12c;
Prepaid to states named, each, 25c;
dozen, \$1.00; 100, \$7.00.

AMERICA. The most popular of all varieties. Gigantic flowers of clear lavender-pink.

EMPRESS OF INDIA. One of the very finest; of gigantic size and beautifully rich, dark mahogany-red color.

HALLEY. A most attractive early blooming sort, with large, well-opened flowers of a delicate salmon-pink.

MRS. WATT. One of the most attractive varieties grown; a glowing wine-crimson. One of the choicest newer varieties.

NIAGARA. A wonderful new Gladiolus of sterling quality. The flowers are a delightful cream shade, with the two lower petals daintily marked canary-yellow. The throat is attractively splashed with rich carmine. The stamens are purple, and the stigmas pale carmine.

SCHWABEN. This striking new Gladiolus is a pure canary-yellow, shading to soft sulphur-yellow when opening; the deep golden-yellow center is blotched with brilliant brownish carmine.

WAR. Large, blood-red; considered a very pleasing shade and makes a fine contrast with the light colored sorts.

MIXED. This is a mixture of many of the choicest varieties and colors of Gladiolus.

CROCUS BULBS

For Fall Planting

Not prepaid, dozen, 35c; 100, \$2.25.
Prepaid to states named, dozen, 40c;
100, \$2.40.

MIXED VARIETIES.

CANNA BULBS

Not prepaid, each, 20c; dozen, \$2.25.
dozen, \$2.40.

KING HUMBERT. This is the grandest Canna now grown. The large heart-shaped leaves are purple-madder brown over bronze. The plants are crowned with immense heads of orchid-like flowers, measuring from six to eight inches across; velvety orange-scarlet, rose-tinted and margined at the base; grows four to five feet high.

YELLOW KING HUMBERT OR QUEEN HELENE. Similar to King Humbert in habit of growth and flowering. Produces showy flowers of yellow, attractively dotted with red. Green foliage. 4 to 5 ft.

TULIP BULBS

For Fall Planting

Not prepaid, dozen, 70c; 100, \$4.25.
Prepaid to states named, dozen, 75c;
100, \$4.50.

DARWIN. A mixture of many choice varieties and colors.

HYACINTH BULBS

For Fall Planting

Not prepaid, each, 15c; dozen, \$1.25;
100, \$8.00. Prepaid to states named,
each, 18c; dozen, \$1.40; 100, \$8.50.

SINGLE MIXED. Many varieties and colors.

NARCISSUS BULBS

For Fall Planting

Not prepaid, each, 12c; dozen, 90c; 100,
\$6.00. Prepaid to states named, each,
15c; dozen, \$1.05; 100, \$6.50.

GIANT TRUMPET. Mixed.

TUBEROUS-ROOTED BEGONIA BULBS AND PLANTS

Bulbs: Not prepaid, each, 35c; dozen, \$3.75. Prepaid to states named, each, 40c; dozen, \$3.90.

Plants in small pots; ready June 1 and later: Each, 50c; dozen, \$5.50. Prepaid to states named, each, 60c; dozen, \$6.00.

This charming class of Begonias is probably the handsomest of all summer-flowering tuberous-rooted plants. The flowers are from four to six inches across, and the colors range from the purest white and the most delicate tints of pink, yellow and orange, to the most

intense scarlet and richest crimson. They grow best when planted in the shade or partial shade, therefore the north side of a house or other building is an ideal place for them. They are especially useful for planting in porch or window boxes in a semi-shady position. They grow from 12 to 18 inches high and as much across, and are nearly covered with the large, richly-colored blooms from early summer until frost. I can supply plants and bulbs in the following colors: Crimson, pink, salmon, white, yellow. These are all double.

Annual Flower Plants

Ready about May 1 and later

All kinds, except as noted: Not prepaid, dozen, 45c; 100, \$3.00. Prepaid to states named, dozen, 50c; 100, \$3.25.

ACROCLINIUM, (Everlasting)

Another very beautiful Everlasting. A strong grower 18 inches high, bears a great number of pink, rose and white daisy-like flowers with a yellow center. Plants of mixed colors.

AFRICAN MARIGOLD

A popular old-fashioned flower, growing 2½ feet high, and producing very large double flowers, of different shades of yellow and orange. They bloom profusely from July until frost.

AGERATUM

Has pretty, brush-like flowers, produced in clusters, constantly, all summer. Excellent for bedding or cut-flowers.

MEXICANUM. 2 ft. A soft lavender-blue.

ASTER

LATE-BRANCHING. Mixed colors, including azure-blue, dark violet, crimson, dark blue, lavender, invincible pink, shell-pink, peach blossom, purple, scarlet, rose-pink, rosy carmine, and white. 18 to 24 inches.

QUEEN OF THE MARKET. Very early bloomer. Mixed colors, including crimson, lavender, shell-pink, rose-pink, purple, scarlet, dark blue, white, and light blue. 12 to 18 inches.

CALENDULA, Scotch Marigold

One of the best and showiest free-flowering annuals. Will grow in any soil and are valuable for pot culture, blooming in the winter and early spring. Flowers large and double.

ORANGE KING. A beautiful rich orange. 18 inches.

CARDINAL CLIMBER

The most brilliant and beautiful annual climber. A strong, rapid grower, attaining a height of 20 to 30 feet. The leaves are deeply lacinated, resembling those of a fine Japanese Maple. They cover a large surface during the season. The plants bear countless numbers of glowing scarlet flowers about 1½ inches in diameter, in clusters of five to seven blossoms each.

CHINESE AND JAPANESE PINK

Few flowers can equal these in beauty and profusion of bloom. They grow from 12 to 15 inches high and from mid-summer till fall are nearly covered with beautiful double flowers with petals attractively fringed. They bloom the first summer and also the second if mulched during the winter. They are of many brilliant and beautiful colors. Plants of mixed colors.

CELOSIA

FEATHERED. One of the most attractive and beautiful flowers grown. The plants are of broad form, from 3 to 4 feet in height. They begin to develop their feathery plumes early in the season, and they grow larger and finer all the time till killed by frost. In pots they last nearly all winter. Each branch or stalk ends in a large pointed head of richly colored bloom which later broadens to a loose, plummy head of the most brilliant color. These showy plumes are so numerous and large that the whole plant is a pyramid of silken and fluffy color, most brilliant and beautiful.

GOLDEN-YELLOW. An intense shade of rich yellow.

MIXED. Including carmine, golden-yellow, orange-red, reddish plum, crimson-scarlet, primrose, lemon, pink and rose.

ORANGE-RED. This is a magnificent shade. A pure and strong color that brings life and warmth into the fall garden.

CENTAUREA or CORN-FLOWER

DOUBLE BLUE. One of the best known annuals. About 2 feet high, and blooms profusely all summer. Very showy. Otherwise known as Bachelor's Button and Ragged Sailor.

COSMOS

Robust plants of bushy growth and beautiful foliage, five to six feet high, covered with hundreds of showy flowers.

GIANT EARLY-FLOWERING. Blooms early in the summer and continues to bloom until fall. Mixed colors, including crimson, rose and white.

(Continued on page 22)

Cosmos—(Continued from page 21)

GIANT LATE. Flowering. Blooms in the fall. Mixed colors, including crimson, rose, and white.

GODETIA

MIXED. A charming annual, forming compact bushes about a foot high and flowering profusely all summer. The plants are well suited for beds and borders and the mixture includes some lovely shades of rose, carmine, pink, cattelya-blue and white.

GLOBE AMARANTH, (Everlasting)

An attractive Everlasting flower that is a native of India. The globe-shaped flowers remind one of the blooms of Dutch Clover. Grows 2 feet high and blooms profusely. The colors are red, pink, and white. Can supply plants of red separate, and of mixed colors.

HELIOTROPE

Not prepaid: Dozen, 60c; 100, \$4.00.
Prepaid to states named: Dozen, 65c; 100, \$4.25.

NEW HYBRIDS. A splendid strain of giant-flowering. This is one of the finest annuals for cutting, not only because of its beauty, but also because of its delicious and lasting fragrance. Mixed colors.

KOCHIA, Summer Cypress or Firebush

TRICHOPHYLLA. A very attractive and popular foliage or hedge plant. It grows about three feet high, with many slender branches pressed close to the main stem, and resembles a small, closely-sheared evergreen, the slender foliage being a light green. In September, the whole plant becomes a solid mass of bright scarlet, thereby earning the name Firebush.

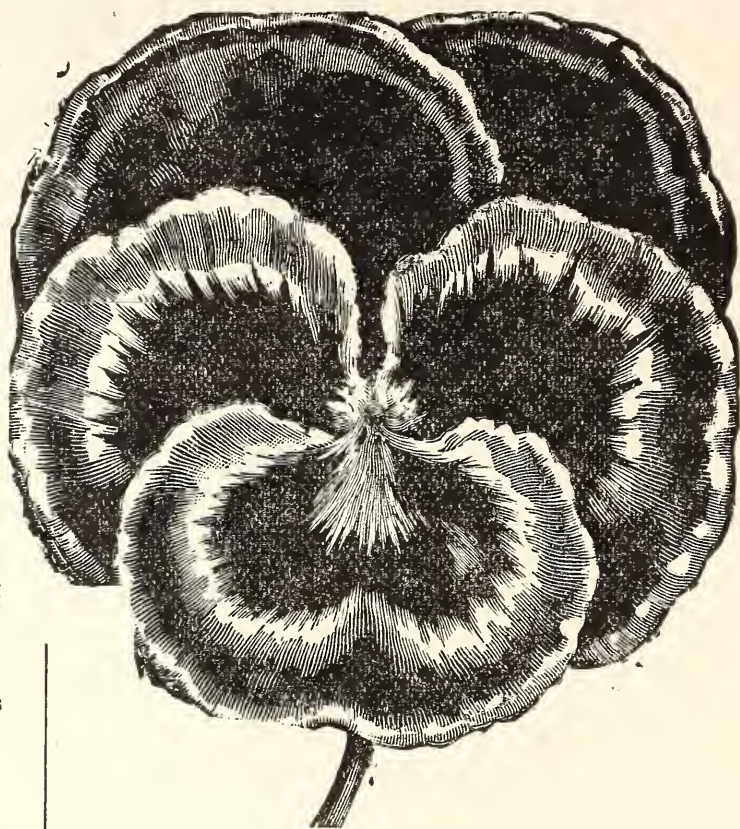

LARKSPUR, Annual

These beautiful annuals bloom very freely and produce large spikes of long-keeping flowers,—white, pink, rose, light blue, dark blue, and violet. The beautiful plume-like foliage is very ornamental, and they are excellent for bouquets and table decorations.

TALL DOUBLE. 2 ft. Mixed colors.

MIGNONETTE

This is one of the most delicately-scented of all flowers, and has, for many years, endeared itself to every true lover of flowers. It is fragrant as the violet, constantly in bloom, and easily grown. The colors are red, yellow and white. Plants of white and mixed colors.

Pansy

PANSY

GIANT-FLOWERING, MIXED. This vigorous and compact-growing class of Pansies leads all others in size, color and beauty of flower. The flowers are very large, some measuring three inches in diameter. Flowers are thrown well above the foliage and are beautifully marked with brilliant colors. This mixture includes many choice varieties and colors.

PHLOX, Annual

One of the most brilliant and beautiful annual flowers. It grows quickly, commences to bloom very early in the summer, and blooms continuously until fall. It is especially valuable for bedding, and for filling in otherwise vacant places in the garden, the shrubbery, or the hardy border. Grows about 18 inches high.

COCCINEA. Bright dazzling scarlet. Makes a wonderfully attractive bed.

MIXED. Includes many brilliant colors.

PETUNIA

No bedding plants make a more pleasant display than Petunias. The distinct colors and markings make a brilliant show. The plants make a strong growth, 18 to 24 inches high, and bloom steadily and profusely from early June till frost. Those named below are single-flowered Bedding Petunias.

MIXED. Includes many varieties and colors.

Salvia

SALVIA, Scarlet Sage

Not prepaid: Dozen, 60c; 100, \$4.00. Prepaid to states named: Dozen, 65c; 100, \$4.25.

SPLENDENS. 3 to 4 feet in height and about the same across. Bears during summer and fall brilliant fiery scarlet flowers in great profusion. Without question, this is the richest and most impressive red-flowering bedding plant in cultivation. Begins blooming early in July. Whether grown in the border or in solid beds, it always looks attractive.

SNAPDRAGON, Anthirrhinum

Not prepaid: Dozen, 60c; 100, \$4.00. Prepaid to states named: Dozen, 65c; 100, \$4.25.

One of the most popular flowers; easily grown, and producing flowers profusely all during the summer and fall. As a cut-flower, few annuals equal in brilliancy of color and beauty, the glorious spikes of the Snapdragon. The wide range of shadings, beginning with pure white and running through yellow, amber, salmon, pink and rose, to very rich scarlet, orange-scarlet, and maroon colors, has the admiration of all.

GIANT-FLOWERED. Mixed colors. 2 to 3 ft.

SCABIOSA, Mourning Bride

This is an old favorite and of late years has been greatly improved. The flowers are borne on long, wiry stems. It has a long season of bloom, and is beautiful in the garden and excellent for bouquets. 2 feet.

DOUBLE TALL. Mixed color, including white, yellow, pink, scarlet, crimson and maroon.

PORTULACA, Sun Plant

For brilliant coloring, nothing can excel a bed of Portulacas, with its silky flowers glistening in the sunlight. It is very easily grown and no bedding plant equals it for places exposed to the hot sun of mid-summer. It delights in intense heat and dry weather seems to have almost no effect on the plants. The plants are of low growth and spreading in habit, each plant covering a space of about two feet in diameter. The double flowers are like small roses and will make a very brilliant show. Mixed colors.

STRAWFLOWER or HELI-CHRYSUM, (Everlasting)

A hardy annual and one of the best of the Everlastings. Grows 2 to 3 feet high and produces large, double, daisy-like flowers, with prominent centers, which make a fine display in the garden during the summer. When dried, the flowers retain their shape and color for years, and, placed in vases or baskets, without water, make splendid winter bouquets and decorations. Plants grow well in any good garden soil. For drying out, cut the flowers when in bud or just before fully open, and hang them, head down, until completely dry. Mixed colors, including many beautiful shades of red, pink, rose, yellow and orange, also white.

STATICE, (Everlasting)

SINUATA. One of the most attractive of the Everlastings. A very attractive annual useful in fresh bouquets, but especially valuable dried for winter decorations. The flower stems bearing large loose panicles of small flowers rise to a height of about two feet. Mixed colors, including blue, rose, lavender and white.

VERBENA

MIXED. One of the finest low-growing bedding plants, with a long season of bloom, continuing until after severe frosts. They produce magnificent trusses in a wide range of colors. Few plants produce more flowers for cutting.

ZINNIA, Giant-Flowered Double

One of the best known and most popular annuals. The Zinnia is prized for its brilliant colors, for the size and perfection of its flowers, and for its sturdy growth. Plants grow four to five feet high, and bear profusely from early summer till late fall, large brilliant flowers of many colors, measuring four inches or more across. One of the very best for cut-flowers and lasts a long time.

Zinnia—(Continued on page 24)

ZINNIAS—Continued

CRIMSON. This is the darkest shade of the Giant Zinnias. Rich crimson. Makes a wonderfully attractive bed.

MIXED. Includes golden yellow, primrose, scarlet, white, purple, flesh-pink, crimson, canary-yellow, and many other fine and rare shades.

Cut Flowers

During the summer and fall, I can supply cut-flowers of most of the kinds named in this catalogue. Can ship by mail or express, in large or small lots, at very reasonable prices. Shall have especially fine blooms of Delphiniums, Dahlias, Gladioli, Asters, Zinnias, Wallflowers, Sweet Williams, Gaillardias, Gypsophila or Baby's Breath, Hardy Carnations, Pyrethrum, Celosia, Strawflowers, Globe Amaranth, and others. I make a specialty of Strawflowers and other Everlasting flowers for drying for winter bouquets. Ask for prices.

Roses

CLIMBING ROSES

Not prepaid: Each, 75c; Dozen, \$7.75.
Prepaid to states named: Each, 85c;
Dozen, \$8.25.

CLIMBING AMERICAN BEAUTY. Rich red, passing to crimson. Same as American Beauty in size, color and fragrance, with the addition of the climbing habit. Hardy and a wonderfully free bloomer.

CRIMSON RAMBLER. Most popular out-of-door climber. A rapid producer of long heavy canes, reaching a height of ten to twenty feet in one season. Rich clusters of bloom form a mass of vivid crimson beauty until late in the season. Perfectly hardy.

DOROTHY PERKINS. Similar to Crimson Rambler except in color which is a clear shell pink.

TAUSENSCHOEN or THOUSAND BEAUTIES. A very beautiful climbing rose. It is a very strong grower, and from early June until well into July, it is literally covered with clusters of decorative semi-double flowers of varied shades of deep to light pink and white. Its bloom is produced in such profusion as to almost cover the handsome pale-green foliage.

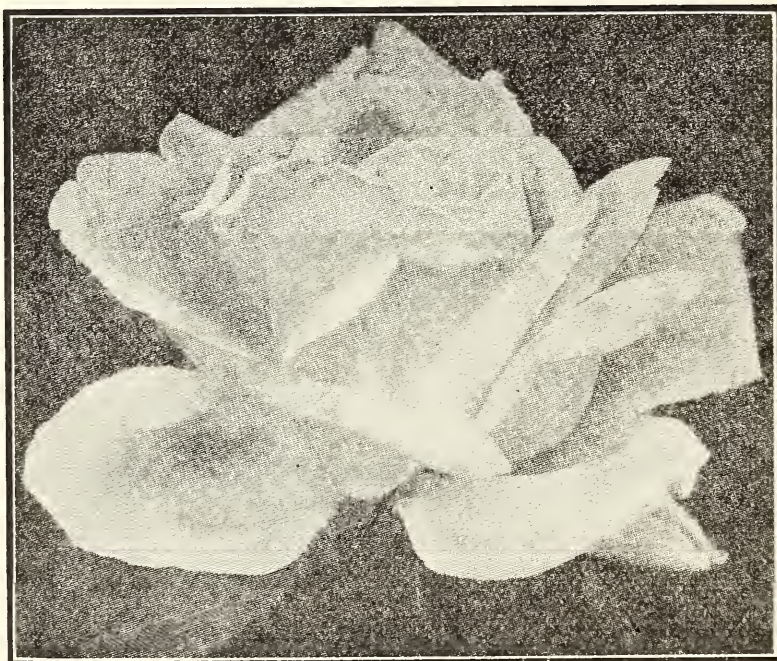

WHITE DOROTHY PERKINS. A sport of the popular Dorothy Perkins, and like it in every way except its flowers are white. Free in bloom and with disease-resistant foliage.

HYBRID PERPETUAL ROSES

Not prepaid: Each, 90c; Dozen, \$9.75.
Prepaid to states named: Each, \$1.00;
Dozen, \$10.35.

These are among the hardiest of all roses. They are of vigorous, upright habit, with large leaves and very large, full, double, richly fragrant flowers, which are produced in profusion in June and more sparingly in autumn.

GEN. JACQUEMINOT, Jack Rose. Bright scarlet-crimson. Large, rich, brilliant, velvety, and fragrant.

Frau Karl Druschki

FRAU KARL DRUSCHKI, White American Beauty. One of the finest, if not the very finest, White Rose ever introduced. Its long buds and magnificent snow-white blooms, with large saucer-shaped petals, are freely produced on strong, robust stems.

PAUL NEYRON. The largest of all roses. Clear cherry-rose; very double and full; finely scented; blooms first season and all summer. Grows to a great height in a single season.

JUBILEE. Practically an "everbloomer." The long, beautiful buds expand into very large double flowers which are velvety crimson. One of the finest.

MAGNA CHARTA. Bright rosy-pink; extra large; very free bloomer.

PRINCE CAMILLE DE ROHAN. Universally known as "The Black Rose," owing to its very deep, velvety crimson color, passing to intense maroon, and shaded black; large, handsome and fragrant blooms.

HARDY EVERBLOOMING ROSES

Not prepaid: Each, \$1.00; Dozen, \$10.75.
Prepaid to states named: Each, \$1.10;
Dozen, \$11.35.

This is the most popular class of roses now in cultivation, partly because they surpass all others in rich and varied colors, and partly because of their blooming so continuously from May until autumn.

ALEXANDER HILL GRAY. Deep lemon yellow and not inclined to fade out as the bloom expands. The large flowers, of perfect form, are freely produced on strong growing plants.

ETOILE DE LYON. Golden yellow and, what is unusual in a yellow rose, it is a healthy, strong grower. Hardy and in all ways a fine sort.

KAISERIN AUGUSTA VICTORIA. A continuous bloomer, producing quantities of snow-white flowers from June until frost.

GRUSS AN TEPLITZ. Produces in great masses, during the entire summer, clusters of vivid, dazzling, fiery crimson flowers. A strong growing variety, attaining a height of from four to five feet. As a bedding rose it is superb. One of the hardiest sorts.

MAMAN COCHET. The finest and best pink rose for blooming out-of-doors. The buds are very large, handsome and of pointed form; the flowers are full and fine, flesh-pink with saffron at base of petals. Plant of strong growth, very hardy and a free bloomer (blooming all the time).

RADIANCE. An American Rose and one of the most gorgeous as yet introduced. The large, finely formed flowers are crimson rose and very brilliant. A free and constant bloomer and a sturdy growing plant.

Ornamental Shrubs

ALTHEA OR ROSE OF SHARON. Flowers are of good size, trim and attractive; blooms in September and October. Pink, purple, red, and white. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

CALYCANTHUS OR SWEET-SCENTED SHRUB. Bears great numbers of double, dull brownish-purple flowers of exquisite aromatic, strawberry-like fragrance. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

FORSYTHIA or GOLDEN BELL. A very early and showy spring bloomer; flowers bright yellow, appearing before the leaves. Very effective for covering steep slopes, wall fences and arbors. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

BURNING BUSH OR STRAWBERRY TREE. Of strong upright growth. During autumn and winter it is loaded with rosy crimson seed pods which burst open and partly expose the orange-colored berries within. Not prepaid: Each, 60c; Prepaid to states named: Each, 70c.

BUTTERFLY BUSH, Buddleia. A beautiful and very popular shrub. Matures rapidly and will make a handsome bush the first season. It produces beautiful lilac-covered flowers in profusion, and blossoms the entire summer. Not prepaid: Each, 45c; Dozen, \$4.50. Prepaid to states named: Each, 50c; Dozen, \$4.75.

HYDRANGEA. *Paniculata Grandiflora*. One of the most popular hardy shrubs. The immense heads of blooms are cream-color in bud, pure white when fully expanded, changing to pink and bronze with age, and finally to brown when frosted. Not prepaid: Each, 70c. Prepaid to states named: Each, 80c.

LILAC, Purple. Bluish-purple flowers. The old standard variety. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

LILAC, White. Cream-colored flowers. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

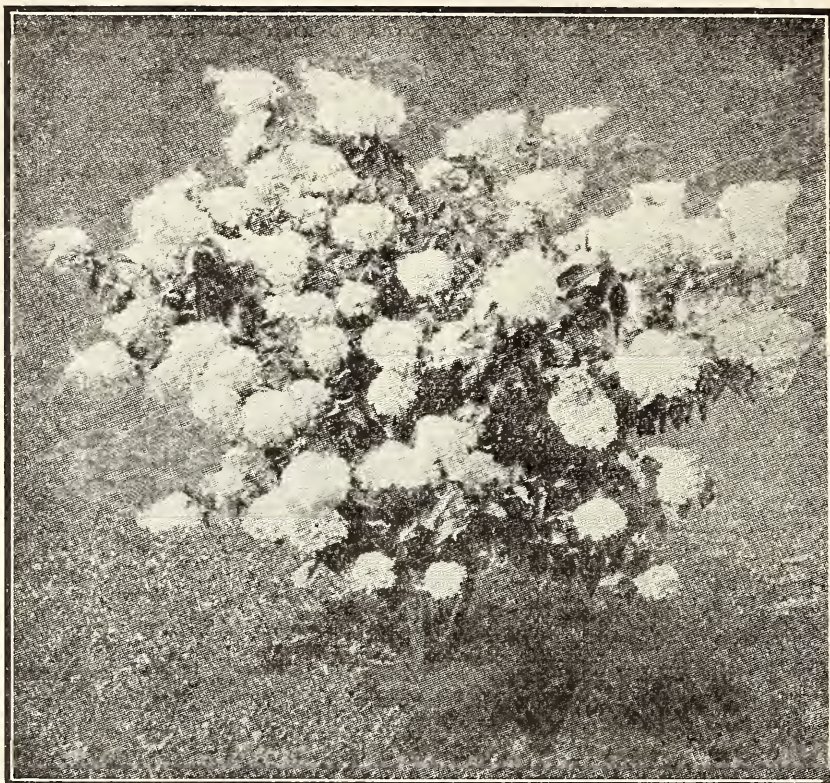

SNOWBALL, Japanese. An erect, compact shrub, blooming in June; completely covered with large balls of flowers that are as white as snow. Foliage is dark green. Not prepaid: Each, 90c. Prepaid to states named: Each, \$1.00.

SNOWBALL, Common. A very popular shrub of strong growth and spreading habit. In late May and early June it bears large round clusters of pure white flowers hung on long swaying stems. Not prepaid: Each, 70c. Prepaid to states named: Each, 80c.

SPIREA. *Van Houttei*. The finest of all the Spireas. In May and June, the bush is covered with white flowers, presenting a beautiful appearance. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

SPIREA, Anthony Waterer. A dwarf variety of great beauty. Its broad, flat heads of red flowers continue in perfection all summer. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

WEIGELA, Rosea. An elegant shrub, with fine rose-colored flowers; of erect compact growth; blossoms in June. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

Hydrangea, *Paniculata Grandiflora*

SPIREA, *Prunifolia* or BRIDAL WREATH.

In May and June the branches of this old favorite are laden with masses of dainty, very double, pure white flowers. Its pretty glossy green leaves turn to crimson in autumn. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

SYRINGA or MOCK ORANGE. An old variety that remains very popular. Of upright habit and produces in June a wealth of white fragrant flowers that resemble orange blossoms in appearance and color. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

WEIGELA, *Eva Rathke*. Flowers brilliant crimson. A very attractive variety. Almost a continuous bloomer. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

WEIGELA, *Candida*. A choice variety, blooming in great profusion during June and to some extent all summer. Pure white. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

Ornamental Vines

AMERICAN IVY, VIRGINIA CREEPER or WOODBINE. A fine rich green in summer, changing to crimson in autumn. Affords shade quickly and is very desirable for covering walls, verandas, and trunks of trees. Not prepaid: Each, 35c. Prepaid to states named: Each, 40c.

HONEYSUCKLE, Hall's Japan. A strong, vigorous grower, almost evergreen, with pure white flowers, turning to yellow; very fragrant; covered with flowers from July to December. Not prepaid: Each, 30c. Prepaid to states named: Each, 40c.

BOSTON or JAPAN IVY. *Ampelopsis Veitchii*. A beautiful, hardy climbing plant of Japanese origin. It grows rapidly and clings with the tenacity of Ivy. The foliage is a very handsome green in summer, changing to crimson in autumn. For covering brick and stone structures, walls, etc., no plant is so useful. Not prepaid: Each, 35c. Prepaid to states named: Each, 40c.

CHINESE MATRIMONY VINE. One of the hardiest of climbing vines. Purple flowers and later covered with scarlet berries. Not prepaid: Each, 40c. Prepaid to states named: Each, 55c.

CLEMATIS, Jackmanii. Large, intense violet-purple flowers, remarkable for their velvety richness; free in growth and an abundant and successive bloomer. Not prepaid: Each, 90c. Prepaid to states named: Each, \$1.10.

ENGLISH IVY. This well-known and favorite vine is useful for covering walls, growing on the trunks of trees, in rock gardening and for carpeting. Owing to its handsome evergreen, glossy foliage, it is much used for covering graves, particularly in shaded situations where grass will not grow. Not prepaid: Each, 40c. Prepaid to states named: Each, 45c.

CLEMATIS, Paniculata. Single, white. Of extremely rapid growth, with shining green foliage and a profusion of flowers which are small but borne in large panicles. Not prepaid: Each, 45c. Prepaid to states named: Each, 50c.

KUDZU VINE. The most rapid growing vine known to horticulture. It has large leaves and produces a dense shade. When established it will make a growth of fifty feet in a season. Late in August it produces pretty rose-purple pea-shaped flowers in small racemes. Not prepaid: Each, 25c. Prepaid to states named: Each, 40c.

TRUMPET VINE, Bignonia Radicans. A strong growing climber which is exceedingly ornamental at all times. It has abundant fern-like foliage and large trumpet-shaped flowers of vivid orange-scarlet, in clusters during July and August. These large clusters of brilliant bloom are very showy and produce a striking effect. Not prepaid: Each, 40c. Prepaid to states named: Each, 50c.

WISTARIA, Chinese Purple. One of the most elegant and rapid growing of all climbing plants. Vines grow 15 to 20 feet in a season and produce long, hanging clusters of pale blue flowers in spring and fall. Not prepaid: Each, 60c. Prepaid to states named: Each, 70c.

Hedge Plants

BARBERRY Thunbergii, or JAPANESE BARBERRY. Has become very popular for producing low, dense hedges. Its abundant small light green leaves, which change to a brilliant red color in autumn, and its wealth of scarlet berries render it very attractive. It is extremely hardy and requires but little pruning. Plants 9 to 12 inches, Not prepaid: Dozen, \$1.25; 100, \$9.00. Prepaid to states named: Dozen, \$1.35; 100, \$9.60. Plants 12 to 18 inches, Not prepaid: Dozen, \$3.00; 100, \$18.00.

Prepaid to states named: Dozen, \$3.25; 100, \$18.80.

PRIVET, California. A very popular hedge plant. A rapid and vigorous grower. It has handsome glossy, oval-shaped leaves which remain on well into the winter. Extensively used for ornamental hedges and trimmed specimens. Plants 18 to 24 inches, Not prepaid: Dozen, \$1.00; 100, \$6.00. Prepaid to states named: Dozen, \$1.15; 100, \$6.60.

No. 1930

STATE OF NEW YORK DEPARTMENT OF FARMS AND MARKETS

Byrne A. Pyrke, Commissioner

CERTIFICATE OF INSPECTION OF NURSERY STOCK

This is to Certify that the nursery stock of Harry L. Squires, of Hampton Bays, County of Suffolk, State of New York, was duly examined in compliance with the provisions of Article 14 of the Farms and Markets Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose Scale or other dangerously injurious insect pest or pests. This certificate expires September 1, 1924.

Dated Albany, N. Y., September 11, 1923.

BYRNE A. PYRKE, Commissioner.
By Geo. E. Atwood, Director Bureau of Plant Industry.
